

# LOW CODE NEEDS ASSESSMENT

## DISCOVER WAYS TO CONNECT PEOPLE, PROCESSES, AND DATA TO HELP YOU DO MORE

Simplify the way you do business and make your favorite tools do more for you using Power Platform and Microsoft Copilot. Through this 2-hour engagement, we'll work together to target inefficiencies in your business and resolve them with low-code tools. We'll walk through best practices for using low-code to connect and streamline everyday processes and systems.

Work with our experts to build AI-powered solutions just right for you

By leveraging our partnership with Microsoft and next-generation AI, we'll help you envision a more efficient version of your business. Our Low Code Needs Assessment engagement begins with a review of your business, followed by a guided discovery and visualization of solutions. At the end, you'll come away with a clear, actionable plan for how we can help you achieve your goals.

Get to the right solution faster

Imagine the future state of your business and achieve your goals faster with Power Platform and Copilot.

- Transform everyday work processes
- Increase collaborative brainstorming
- Reduce the risk (and time) of new projects

### WHAT WILL WE LEARN?

Explore opportunities to improve your processes and productivity using low-code, automation, and AI.

### WHO SHOULD ATTEND?

Include business decision-makers (BDM), executive-level sponsors, managers, and low-code champions or super users.

### WHAT HAPPENS AFTER?

Get a scope of work for a specific solution or a proposal for platform implementation along with success metrics.

## ABOUT TRELLISPOINT

TrellisPoint is a strategic growth consulting firm and Microsoft Solutions Partner specializing in technologies such as Microsoft Dynamics, Power Platform, and AI (Copilot), as well as transformation services such as business process engineering and organizational change management. We collaborate with growing companies that are looking to transform technology from a cost center into a key differentiator. Our proven TrellisPoint Success Framework delivers flexible solutions that will provide value for your present and future requirements. At TrellisPoint, your success is our success.
