

AI USE CASE IDEATION WORKSHOP

1.5 Days | Starting at \$7,500

What it is

A **dynamic 1.5-day immersion**, crafted to unlock the boundless potential of Microsoft Generative AI services (such as Copilot) within your organization.

What you'll do

Collaborating with our experts, you'll receive a personalized journey to **forge innovative pathways**, unlocking potential to **seamlessly weave generative AI** into the fabric of your operations.

How it works

Learn to use AI as a strategic partner

Ideate at least one custom use case

Gain hands-on AI/Copilot experience

Construct prompts in real-time

Build a roadmap for future AI/Copilot adoption

Outcomes

- + Empowers technology leaders to innovate
- + Amplifies efficiency
- + Accelerates revenue generation
