

Empower Your Cloud Journey

Get a Personalized Microsoft Azure Assessment

Are you dealing with rising costs, limited visibility, or lingering security concerns? If you're wondering if your Azure environment is truly optimized, you're not alone. Trofeo's Microsoft Azure Assessment delivers a tailored roadmap to help you get the clarity and confidence to take control of your cloud journey. Through a hands-on evaluation, we uncover inefficiencies, identify risks, and reveal opportunities to ensure your cloud infrastructure supports your business goals.

Assessment Includes:

Discovery & Strategy Workshop

Ensure your cloud solution is grounded in your business goals.

- Align stakeholders and define objectives
- Understand current business challenges and cloud goals

Final Report & Roadmap Presentation

Move forward with alignment, confidence, and a detailed plan of action.

- Detailed assessment findings
- Strategic recommendations
- Prioritized next steps

Azure Landing Zone Readiness

Assess your current environment's ability to support secure, scalable growth.

- Evaluate current state against Microsoft's Well-Architected Framework
- Recommendations for a scalable, secure Landing Zone
- Blueprint and design proposal

Modernization Planning

Design a modern architecture aligned with your unique roadmap.

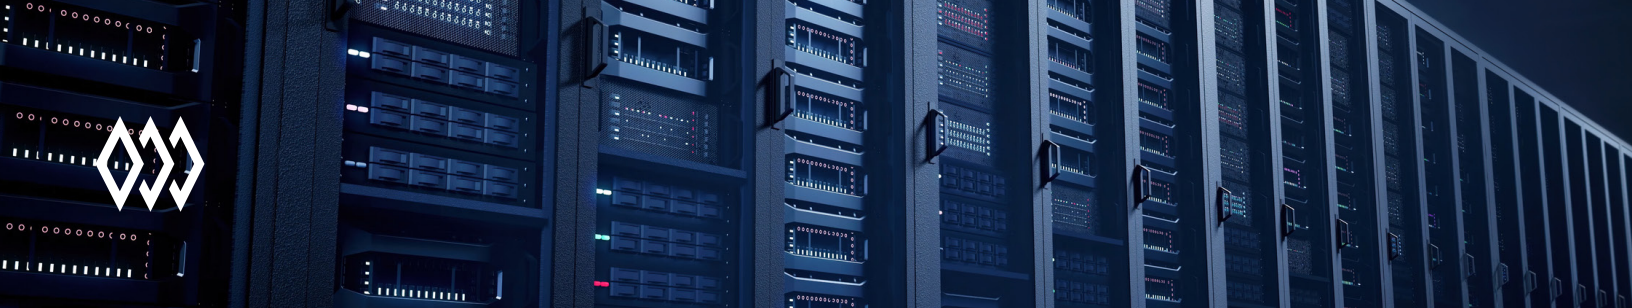

- Identification of up to 5 priority applications for deeper analysis
- Azure cost consumption estimates
- Modernization reference architecture and migration plan

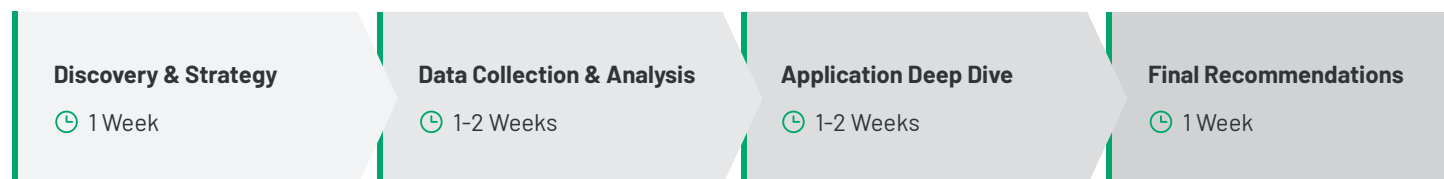

Cloud Environment & Workload Assessment

Understand everything you currently have running.

- Inventory of applications, servers, and infrastructure
- Categorization against 6Rs Foundational review for governance, security, identity, and compliance gaps

Delivery Timeline

Key Benefits

- Accelerate cloud adoption with confidence
- Improve security and compliance posture
- Enable innovation and scalability
- Reduce cloud costs with smart optimization
- Rationalize legacy infrastructure

Why Trofeo?

- **Expertise:** Microsoft Partner specializing in Azure, M365, and security
- **Experience:** Proven methodology and deep technical expertise
- **Compliance:** Focus on compliance, governance, and secure cloud foundations
- **Track Record:** Real-world experience with application and data modernization
- **Customization:** Tailored support for small to mid-sized organizations

Ready to Get Started?

Let Trofeo guide your cloud journey. Schedule your Azure Assessment today and discover how to turn complexity into clarity—and cloud potential into measurable business value.
