Typeface

## How we work together

Boost creative work powered by Azure AI

Combine Azure Machine Learning and Azure Open AI Service with Typeface's personalized AI for rapid, brand-aligned content creation. Accelerate output 10x without compromising your brand's essence.

Stay in the flow of work within Microsoft Teams

Streamline content creation within Teams using our built-in library of AI templates and tools. Efficiently collaborate, repurpose, and refine files for cohesive team efforts.

Activate campaigns in Microsoft Dynamics 365

Leverage Dynamics 365 Customer Insights for targeted campaigns. Seamlessly create, manage, and deliver personalized cross-channel content in one unified workflow.

"

With the new copilot experience in Dynamics 365 Customer Insights and the power of Typeface, we enable marketers to further unlock the power of personalized and on-brand content curation to help supercharge their campaign in a fraction of the time.
