dawiso

Specify your ideas → Document solution → Scan for metadata → Enrich & Collaborate → Search & Navigate → Visualize & Understand

Discover why Dawiso is the #1 choice

Brings data to business

Get all your data in one place so everyone knows where and what to look for. Dawiso streamlines the cooperation of your teams and supports them in making data-driven decisions.

Embraces composability

Compose your ideal solution. Need to integrate with your DWH? No problem. Looking for compatibility with tracking system? We've got you. SaaS and On Premises deployment is also possible. Focus on the features you need now and add anything else later.

Supports your growth

Maximize your productivity gains as soon as possible. Try Dawiso by starting with a team of just five members and onboard gradually as needed, without any limitations.

Experience a user-friendly and intuitive interface that enables you to visualize and explore data flows
