■■ Microsoft

Designed by people expert in the restaurant business, our table booking system is incredibly simple and quick to use.

Bookings 24 Hours A Day

Let clients book online 24 hours a day. More bookings equal more profit. In addition, save time spent answering calls and replying to emails.

Increase Your Sales

Our advanced reservation templates are designed to help you earn more. Control restaurant kitchen load during busy periods.

Improve Your Service

Receive feedback from your client's last visit. Improve your restaurant's quality, get more clients, and more repeat customers. More clients, more sales.

Facebook integration
- GDPR Secure
- Integration with UIBcrm, UIBStable and UIBSces for single point of truth of your customer's data in a secure environment
