

“Your trusted ICT Solutions Provider”

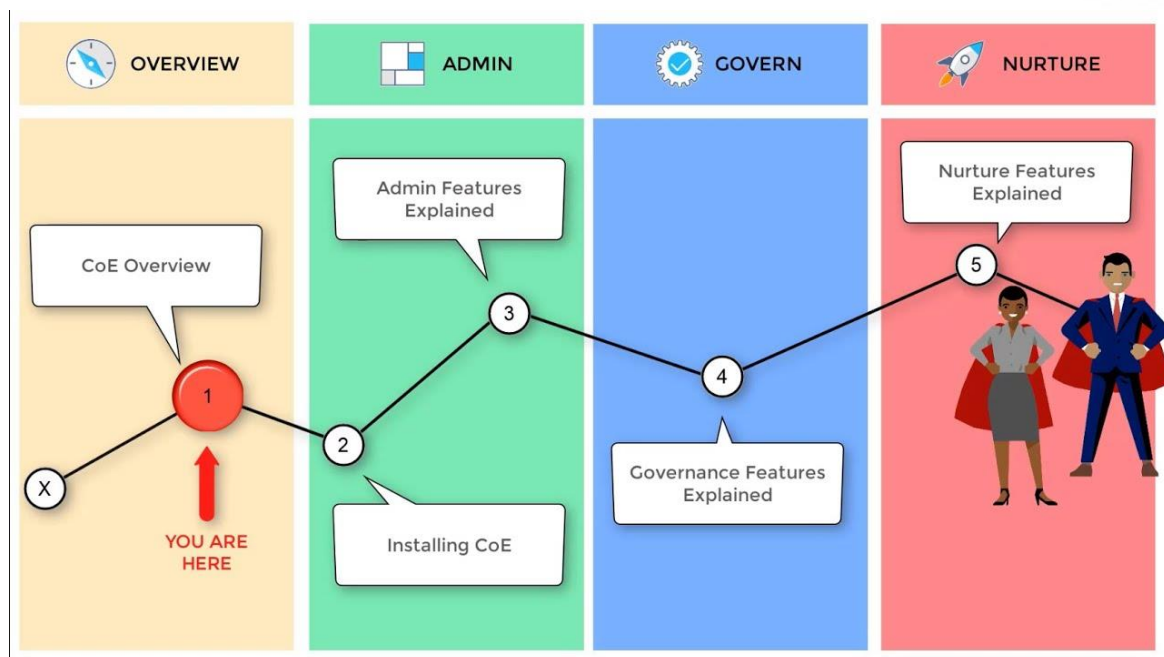

Power Platform Center of Excellence

BACKGROUND

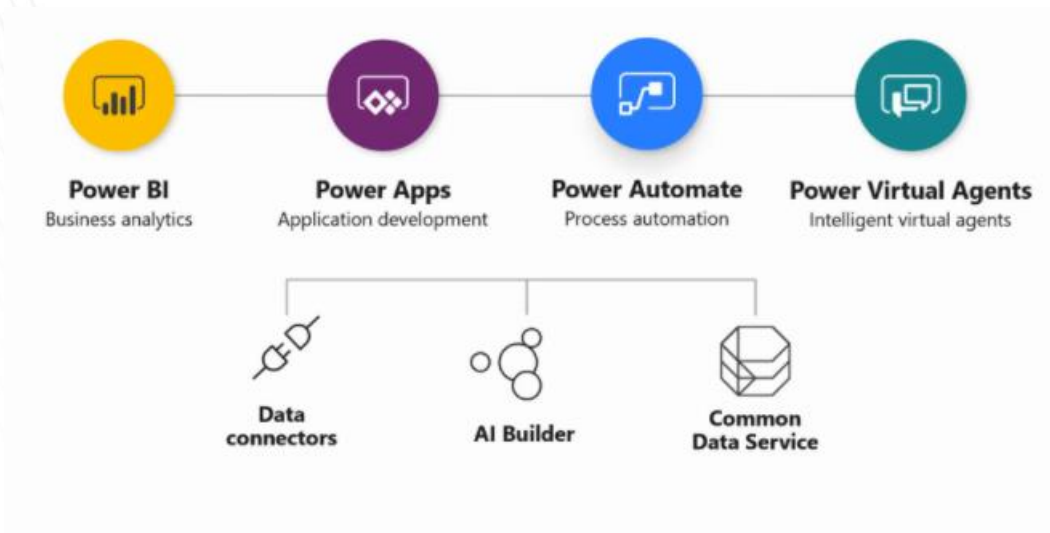

The Microsoft Power Platform CoE Starter Kit is a collection of components and tools that are designed to help you get started with developing a strategy for adopting and supporting Microsoft Power Platform, with a focus on Power Apps and Power Automate.

Understanding the insights into the usage of the platform in your organization and a controlled approach to adoption. The technical setup and handover of the Centre of Excellence will be conducted within this project proposal.

Ukuvuma Solutions' commended competencies in all the above-mentioned platforms makes us the ideal partner and we are looking forward to assisting our clients with achieving their key objectives throughout this deployment.
