

# PLANNING FOR MICROSOFT PLACES

**DURATION 4 HOURS**

## OVERVIEW

Discover how to transform your workplace with our 4-hour remote workshop on Microsoft Places. This session will guide you through AI-powered tools to optimize workplace flexibility, enhance in-person and hybrid meetings, and streamline space management with Copilot. Gain insights into best practices for deploying Microsoft Places, including use case identification, live demos of advanced features, and developing a tailored adoption change management strategy. End with a personalized rollout plan and next steps for piloting Microsoft Places in your organization.

## DESCRIPTION

This remote 4-hour workshop showcases the power of Microsoft Places and prepares you with the knowledge and expert recommendations to effectively deploy Microsoft Places within your organization to the right people and ensure they are able to take full advantage of its features.

- Topics covered include:
- Identification of key uses cases and scenarios within your org

- Live demonstration of Microsoft Places capabilities:
  - Location plans
  - In-person meetings
  - Hybrid RSVP
  - Peek cards
  - Expanded presence
  - Advanced features
- Technical Readiness
- Adoption Change Management Strategy

## OUTCOME

- An evaluation of your current use cases for Microsoft Places, rollout plan, and ACM strategy.
- Next steps to move directly into a Microsoft Places pilot.
