

Dashboard in a Day

What to expect and how to prepare

Goal:

Provide your organization a dashboard to display a set of interactive metrics that can help you make real-time business decisions.

Timeline:

1 Day, two 3-4 hour sessions from 9 AM to 5 PM

Cost:

\$1,500

Preparation:

- Ensure that you have the ability to provide credentials to UniverseIT so that we can connect to your data and import it into a Power BI Data model
- Begin thinking about the kinds of data you would like to see on a dashboard
- Ensure you have a project sponsor designated, a resource in your organization standing by to assist UniverseIT in data gathering or to review visuals and provide feedback
