

VALOCITY'S DIGITAL PLATFORM TRANSFORMS THE ENTIRE PROPERTY VALUATION PROCESS

We're reshaping
the complex world
of lending with
One Smart Platform

CLOUD-BASED TECHNOLOGY

Valocity is made for you. Empowering lenders, valuers and brokers with the latest technology in a modular, customisable solution, streamlining and automating the mortgage and property valuation process.

DATA INSIGHTS

Capturing data throughout the process to allow for bench-marking, funnel conversion, market measurement and property trend analysis through a rich property analytics hub.

ADVANCED ANALYTICS

Leveraging advanced analytics and machine learning to provide real time Automated Valuation Models. Allowing faster, more informed decisions at origination, portfolio provisioning, stress testing and current property value prediction.
