Microsoft Copilot Strategy Workshop

Workshop

The aim of our Microsoft Copilot Strategy Workshops is to help your company understand the value of Copilot and all the features available within this. The day will go through your current situation, licensing and outline the key objectives you'd like to achieve from adopting Microsoft Copilot.

Workshop Pricing - £1,500

The output of the workshop is a report that outlines the following key areas:

- ✔ Outline the overall Objectives for Copilot
- ✔ Create a rollout and adoption strategy in phases
- ✔ Roadmap including Timelines and Key Dates
- ✔ Phased approach Project Fixed Pricing
