

# Microsoft Sentinel Design & Build

## Optimise your investment in protecting your business

Whether your organisation is still assessing or has already deployed Microsoft Sentinel, AC3 can help ensure that you are getting the most out of your Microsoft Sentinel investment by ensuring that your instance is aligned with Microsoft's Best Practices and is configured to support your operational and business objectives.

## Microsoft Sentinel Design and Build

AC3's Microsoft Sentinel Design & Build provides you with an experienced Cyber Security expert to workshop, design & build Microsoft Sentinel in line with Microsoft best practices and start your business down the path of enhanced security with Microsoft Sentinel. Backed by AC3's Cyber Security Expertise, Microsoft Sentinel will be tailored to your specific environment, industry and business security objectives.

Microsoft  
Partner

Gold Security

### Service Inclusions

- Workshops to assess current state & business security objectives
- Low-level design & Microsoft Sentinel costs estimates
- Microsoft Sentinel deployment in line with Microsoft best practices
- Testing and remediation

### Project duration:

- Minimum of 6 weeks for project completion, with some customer dependencies

## Benefits of working with AC3

- Enhance your security operations with a trusted partner. Backed by information security and quality certifications, you can rest assured that you receive advice and recommendations from the people who know best.
- AC3 is a Microsoft Gold Security Partner and will perform a deep dive into your business needs and operational requirements to ensure an effective delivery of Microsoft Sentinel.
- You will have certified experts who will design and build your Microsoft Sentinel in line with best practices and have access to the most advanced security technology to help mitigate threats that would otherwise pass under the radar and put your business at risk.
- When you work with us, you'll be in good company. AC3 is trusted by more than 50% of NSW government agencies so you can be confident that your security is our priority.
