

# Var Group Microsoft Defender for Office 365 Quick Start

Join an immersive experience designed for security leaders and IT teams to strengthen your knowledge of Microsoft Defender for Office 365 services and be implemented in your organization

## Strengthen your security strategy with Microsoft

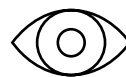

As your organization expands and evolves in its digital estates, with new apps, data and devices, having an integrated approach to security is more important than ever.

Designed for today's security leaders, the Var Group Microsoft Defender for Office 365 Quick Start focuses on deployments of Microsoft Defender for Office 365 services within your organization.

## What you will get of the service

**Focused** service dedicated to your security needs.

**Clarity** on how Microsoft can help you improve your security situation.

**Deploy** Implementation of Microsoft Defender for Office 365 solutions and training on the job for his IT Team

"If security is made difficult, people could work around the problem. With Microsoft, we get native functionality, visibility into our operating environment, and simplicity for all employees."

Simon Hodgkinson, BP Group Chief Information Security
