

Government Contract Intelligence Platform — AI-powered RFP analysis, subcontractor management, and compliance tracking for prime contractors, subcontractors, and government agencies.

THE CHALLENGE

Small and mid-size businesses competing for government contracts face two compounding challenges: **finding the right opportunities before deadlines pass**, and **producing competitive, compliant proposals** without the internal resources that larger firms take for granted. Manual procurement monitoring, disconnected tools, and complex compliance requirements cost certified firms millions in missed opportunities every year.

PLATFORM CAPABILITIES

AI-Powered RFP Analysis

Upload any RFP and instantly extract requirements, work packages, timelines, NAICS codes, and compliance checkpoints. Generate a structured response framework in minutes.

Smart Subcontractor Matching

Find qualified DBE, WBE, MBE, HUB, VetHUB, SDVOSB, and SBE subcontractors by service category, metro area, certification, and NAICS code.

VetHUB / SBE Compliance

Create and manage Hub Subcontracting Plans with built-in compliance validation. Track goal percentages, allocation paths, and generate audit-ready reports.

Bid Response Pipeline

Six-agent AI workflow covering intake, slot generation, profile mapping, guided collection, document vault, and visual teaming diagrams. Human review at every stage.

Reverse Search

Subcontractors find prime contractors with active opportunities matching their capabilities. Search by service category, metro area, or NAICS code.

Cost Estimation & Post-Award

Market-referenced cost estimates using USASpending.gov data. Track payment performance, goal achievement, and compliance obligations after award.

SUBSCRIPTION PLANS — ALL INCLUDE 30-DAY FREE TRIAL

STARTER

\$69/month

For subcontractors finding opportunities and building pipeline

WHO SCOPEBASE.AI SERVES

- Certified small businesses (DBE, WBE, MBE, HUB, VetHUB, SDVOSB, 8(a), HUBZone)
- Prime contractors managing subcontractor networks and compliance
- Subcontractors finding prime partners and responding to teaming requests
- Government agencies requiring audit-ready compliance documentation
- IT, engineering, construction, and professional services firms
- Organizations new to government contracting needing guided workflow

WHY VEASSIS LLC

-  **Certified & Credentialed**
DBE, WBE, MBE, HUB, ACDBE in 40+ jurisdictions. PMP-certified principals with decades of federal contracting experience.
-  **Proprietary Technology**
ScopeBase.AI and KKAI are platforms we built and operate — not off-the-shelf tools. Architected specifically for government contracting.
-  **Human Oversight**
Every AI-generated section is reviewed and approved by the client. We accelerate your work — we don't replace your judgment.
-  **End-to-End Workflow**
From opportunity discovery to compliant submission. No disconnected tools, no manual re-entry, no gaps between discovery and execution.
