04

One Pager.

VENZO offers end-to-end Microsoft Defender Solutions.

At VENZO we always tailor the implementation of Microsoft Defender Solutions specifically to your needs - based on the VENZO approach.

The VENZO Approach.

1. Introductory Workshop

- Initially we will have a kick-off workshop, where we will have a general talk about Microsoft Security and the Defender Solutions.
- In collaboration with you, we will identify your needs to ensure that the solution is tailored specifically to your organization.

3. Implementation

- We will prepare the technical foundation.
- We will configure the solution based on your needs.

2. Assessment & Plan

- When the key focus areas has been identified, we will make an assessment of your organization and technical setup.
- Based on the assessment and in collaboration with you, we will develop a plan for the project roll-out for the Defender solution.

4. Empowerment

- We will onboard, educate, and train users according to the business-aligned rollout plan.
- Ensure efficient operation and monitoring of the solutions.

Thank you.

We are looking forward to next meeting!
