# About Us:

At Verify Technologies we believe in building lasting relationships with all our clients. Unlike the one size fits all approach of other system providers, that can leave companies trying to fit a square peg in a round hole, we work hand in hand with all our clients to ensure custom and configured paperless solutions to streamline your existing processes.

Our company motto is; *We build the software around the business, not the business around the software*. The partnership between your business and Verify Technologies will be ongoing and dynamic, meaning that as your business changes and evolves we are there every step of the way to provide support as your business scales.

We are the solution provider with the most comprehensive technology, at the most competitive price. We have such confidence in our ability that we do not ask for any minimum terms. *We operate a monthly subscription cloud based model meaning you can sign up today with no risk of any time commitments.*

## Our Cloud Solution... (lower risk for purchaser)

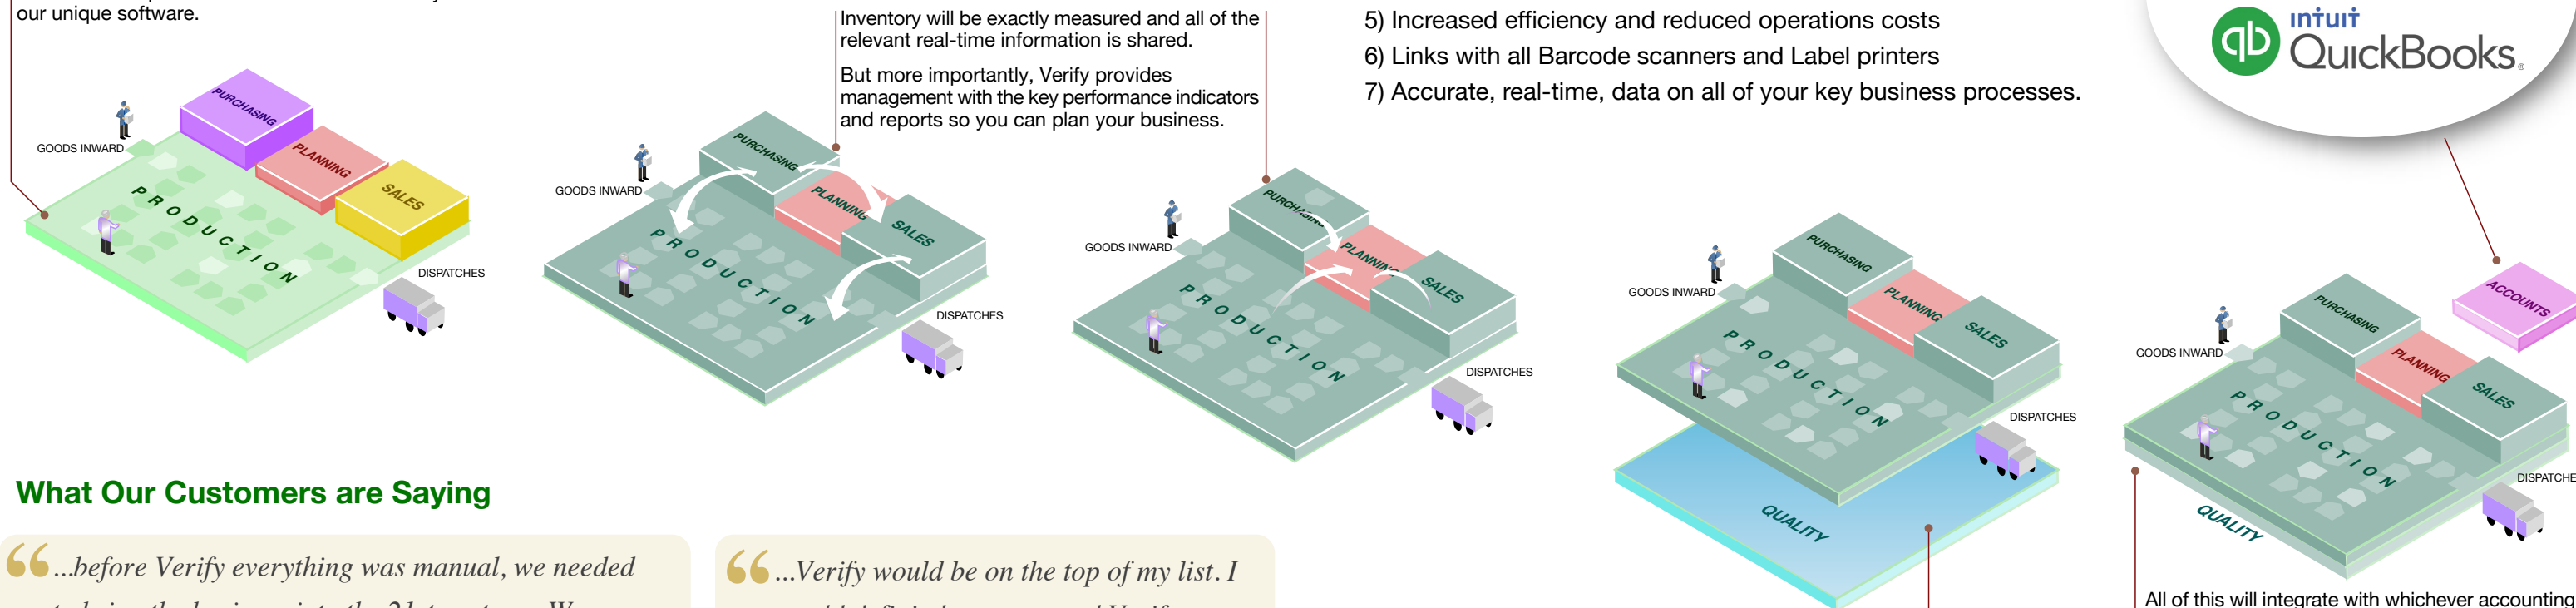

- 1) Simple, low cost monthly fee
- 2) No need to invest in additional infrastructure
- 3) High Scalability
- 4) Always on the latest version
- 5) Highly secure
- 6) Access your data anywhere, anytime, on any device (tablets and phone devices also)

## Our Software Solution... (open and fully integrable)

- 1) Fully integrated with your existing accounts package
- 2) Fully paperless business management
- 3) Fully compliant with all food safety legislation
- 4) No re-keying of data
- 5) Increased efficiency and reduced operations costs
- 6) Links with all Barcode scanners and Label printers
- 7) Accurate, real-time, data on all of your key business processes.

## How Our Solution Works

Your business processes will become unified by virtue of our unique software.

## What Our Customers are Saying

“...before Verify everything was manual, we needed to bring the business into the 21st century...We now use the Verify system which frees up a lot of resources and peoples time... most importantly we trust them...”

Sharon Buggy (Financial Director)  
– Seery’s Bakery

“...Verify would be on the top of my list. I would definitely recommend Verify Technologies to anybody who is interested in securing their business...”

Mark O’Sullivan (Owner)  
– CL Meats

“...Thanks for your help, we received an AA (BRC rating) which is the highest Grade, No NC N’s with Traceability. Thank you for all your support and great work to the entire Verify team!...”

Aliya Jiwani (Training and Development Manager)  
– Chef Bombay

Additionally, we can supply you with our Quality Portal that deal fully with all HACCP and food safety requirements and traceability, thus greatly reducing resources required to comply with legislation.

All of this will integrate with whichever accounting system you have in place.

Verify can automate every aspect of your business, freeing up resources, keeping you fully informed and allowing you to plan ahead in full confidence that you have of all the facts.

## Unique Selling Points (USPs)

- 1) **We have no minimum terms** – You can unsubscribe at any time. We offer this to our clients because we have such confidence in our ability to deliver on what we promise.
  - 2) **Our approach and the relationship we create** – We go the extra mile for our customers, building ongoing and lasting relationships. We become your virtual I.T department so when you need us we’re there.
  - 3) **We are the one stop shop for food companies** – Other solution providers can only provide part of what we do. We have everything you need at a price you can afford.
- P.S – in the very unlikely event we do not have the feature you need, we will build it for you, that’s what we do! We are your partner.
