VidyaMagic™

Learn anything, anywhere!

Discover the power of online learning in a faster and flexible way.

LMS Pain Points

| Limited inflexible licensing models	Limited deployment options	Lack of functional expandability and customizability
• User-based subscription models • Expensive, obstinate deals	• Mostly SaaS, very rare to find on-premise or hybrid options • Unable to meet data privacy compliance needs	• Only basic color and logo placement available • No or limited options for integration with customer's other systems
