

Simple Sales by VinerGY

Ever had difficulty progressing a prospect? Can't easily view full history of a customer, supplier or a lead? Spending hours understanding how you're tracking against sales targets? No clear method of pipeline reporting and forecasting? If you answered yes, to even one of those questions – VinerGY can help!

Our team are certified Microsoft partners and experts in Dynamics 365, we have designed our purpose built 'Simple Sales by VinerGY' solution designed for small to medium sized businesses seeking to effectively manage their sales management process.

Unique to Microsoft AppSource, Simple Sales by VinerGY consists of;

- Lead Management
- Account Management
- Contact Management
- Opportunity Management
- Sales Dashboards
- Business Process Flows
- Sales Views
- Pipeline Reporting
- Ability to make minor customisation (5 per form) ie adding a field in the Account record

As VinerGY have delivered numerous projects of all sizes and scope, for an additional cost we can also assist with; Licensing, additional customisation, 3rd party integration, automated workflows, data migration and additional training and workshops.
