

Microsoft License Self Service Portal

- Not to be confused with Microsoft Tenant Management Portal.
- Allows companies to manage Microsoft CSP licenses (subscriptions)
- Immediately add and remove licenses when needed without vendor intervention 24/7
- Check and track status of subscriptions to know exactly how many are being subscribed to.
- Internal workflow-based license approval process to ensure the correct licenses are procured
- Mobile optimised to access and manage subscriptions on-the-go
- Single-Sign-On for Office365 users
