

# PowerApps & Microsoft Flow

1 Day Workshop

Price | \$1200

*An overview of Microsoft PowerApps & Flow, including an assessment of your environment and a mini proof of concept.*

This 1-day workshop is for semi-technical and business users and is held onsite at your facility.

The engagement covers a deep-dive into PowerApps & Microsoft Flow and also provides hands-on experience with creating apps & workflows.

By the end of the workshop, participants will be able to develop basic PowerApps, create workflows using Microsoft Flow, and apply them to the real business problems.

## Agenda
