

# Hybrid Meetings and Rooms Workshop

The way we work has evolved. Organizations rely on teamwork with employees working on twice as many teams as they did just five years ago, and information workers spending 50% more time collaborating with co-workers, outside contractors, suppliers and customers. Meeting needs have changed as well with employees being more mobile, increasing remote collaboration. To succeed, you need collaboration and communication tools that empower your workforce to be more agile, efficient and secure so they can stay connected.

## What is the Hybrid Meeting and Rooms Workshop?

This workshop is a Microsoft engagement that will help you drive a meetings culture transformation within your organization. This workshop is designed to showcase modern meetings through immersive experiences, use case design and deep dive planning resulting with actionable recommendations to deploy and adopt Microsoft Teams Meetings and Meeting Rooms.

### Assess

Gather information on current environment and meeting practices

### Immersion

Showcase modern meeting experiences powered by Microsoft Teams

### Plan

Build the plan to deploy and adopt Microsoft Teams Meetings and Meeting Rooms

## What you get

- Evaluating current meetings and meeting rooms capabilities
- The “Art of the Possible” for Hybrid Meetings and Rooms, a combination of presentations and immersive experiences demonstrating Microsoft Teams Meetings capabilities
- Directions for transforming meetings and meeting rooms across your customer’s entire organization
- Plan and deliver modern spaces to offer end-users and teams optimal meeting experiences across home offices, remote attendees, in-person meetings, and shared spaces
- A customized report with actionable recommendations to ensure your customer’s organization can stay connected, collaborate seamlessly, and share information securely in a hybrid meetings environment
