What can you expect from us?

As a Service

Ongoing, proactive support for meeting rooms if things go wrong, with visibility into root causes. In a rapidly evolving digital world, businesses need to have an expert meeting room contact to help solve ongoing issues.

We'll provide the support you need to manage assets, software and proactively respond to alerts.

We have market-leading online monitoring at your disposal 24/7.

You will receive scheduled maintenance and ongoing real-time monitoring, as well as post-installation support so you can focus on your business BAU.
