Why are we the Best at it?

VOLODY

Best in Class Security

AI Model: The AI model does not use your data to train the model.

Data Ownership: You own the inputs you provide, and you own any output you rightfully receive.

Data Security: All data is AES-256 and TLS 1.2+ encrypted.

ISO 27001 INFORMATION SECURITY ISO 27001

AICPA SOC

powered by aws

"We deal with 1000+ contracts annually, keeping track and getting updates from businesses is a tough task. Volody team helped us solve this problem and provide us with a complete contract lifecycle management solution. Now our legal team can be on top of all the agreements and effortlessly draft and execute them. I'm likely to recommend Volody."
