

Media beyond Entertainment enters next level with volumetric content

Volucap – Volumetric Capturing :

Create holograms from real life, volucap records holographic video, holograms of dynamic people and performances. At volucap we record human performances from every perspective imaginable. Your audiences can interact with your holograms in augmented reality, virtual reality, and on 2D screens.

WHAT WE OFFER

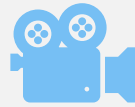

FULL AGENCY OFFER

We at Interlake provide the Full Service including all the volumetric capturing from volucap and project management from concept to solution.

PLAN YOUR SHOOT

The volucap team of experts is available from the start and help you with each step. Good preparation is essential for maximum results.

SHOOT

We designed the process as naturally as possible. volucap technicians monitoring everything in the background, so you can focus on performance.

POST PRODUCTION

If you do not want to do the post-processing yourself, we will find the right combination of experts within our strong partner network from the media tech hub Potsdam.

WHAT OUR CUSTOMERS ARE SAYING

“Pioneering work is what drives us again and again next to music. We are proud to have found partners who have enabled us to realize Fantaventura and to be one of the first bands to experiment with a technique that will be normal in a few years.”

–Michi Beck, Die fantastischen Vier (German HipHop Band)

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.

WHY AZURE

BE FUTURE-READY

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data science tools.

BUILD ON YOUR TERMS

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

OPERATE HYBRID SEAMLESSLY

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single identity platform trusted by 90% of enterprises globally.

TRUST YOUR CLOUD

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a \$1B+ investment in security R&D and 3,500 cyber security experts, security is foundational for Azure.
