

CREATE CONFIDENCE BEFORE COMMITMENT

Dynamics 365 Finance & Supply Chain Assessment

A 30-day strategic assessment that eliminates the risks that derail ERP projects before you sign an implementation contract.

70%
ERP Projects Exceed Budget

3x
Customization Cost Multiplier

#1
Data Issues Cause Delayed Go-Lives

Why ERP Projects Fail

ERP projects don't fail because of the software. They fail because of misalignment between strategy, data, execution, and organizational readiness.

 Customization Bloat

 Dirty Data Delays

 Projects That Outpace People

 Lost Strategic Vision

 Wrong Partner Fit

Your Blueprint for Success

By the end of the engagement, you hold a complete implementation roadmap whether you choose Western or not.

 **High-Level Fit-Gap Analysis**
Traffic Light: Standard vs. ISV vs. Custom

 **Data Health Scorecard**
Red/Yellow/Green readiness assessment

 **Phased Implementation Roadmap**
Sequenced wins aligned to capacity

 **T-Shirt Sized Budget Estimate**
Realistic investment summary

 **Steering Committee Charter**
Governance tied to North Star metrics

This isn't a sales document. It's a strategic asset.

3 Steps to Clarity

01 | Preparation (Remote)

- Microsoft Gyde Survey
- Tech stack audit
- Super user identification

02 | Onsite (1-3 Days)

- Process deep dives
- Solution alignment workshops
- Data & readiness review

03 | Outcome (Within 2 Weeks)

- Blueprint presentation
- Roadmap + budget + fit-gap

Scaled to Match Your Complexity

Finance

1Day Onsite

\$15K + T&E

Distribution

2 Days Onsite

\$30K + T&E

Manufacturing

3 Days Onsite

\$45K + T&E

The 50% Credit Guarantee

If you sign your implementation SOW within 30 days of the final presentation, we credit 50% of your assessment fee toward your project.

You retain the roadmap regardless of partner selection.

The blueprint you receive is yours - a strategic asset that belongs to your organization, no matter what you decide next.

Replace Uncertainty with a Plan.
