WHO IS
WILD TECH

Wild Tech are end-to-end customer transformation partners, specialising in multiple solution sets including Microsoft, Wiise, Oracle NetSuite ERP, SAP and Salesforce CRM to deliver the next generation of operating models.

We leverage a unique industry led approach, combined with market leading platforms, to build Australia's next generation of digital operating models.

Our approach to business transformation is to understand each company's processes and effectively scope out the best solution.

We are Australia wide and operate out of offices in all major capital cities in Australia, providing clients with national coverage. We also offer remote support and off-site development with selected partners.

For Wild Tech, the evolution of transformation starts with a deep understanding of industry requirements. That means listening in order to be a step ahead, ensuring that end-to-end business processes, and organisational maturity, are considered in light of the nuances of each platform and their ability to deliver on the promise of truly transformative technology.

WHAT OUR CUSTOMERS SAY

"We have been working closely with Wild Tech for 2.5 years across several project initiatives. In this time, they have delivered projects and provided specialists that have seamlessly integrated with our project teams across the organisation. I have found Wild Tech to be flexible, pro-active and professional in the engagement and would happily endorse them."

Danny Jaksetic
ICT Customer Technology Partner | Ausgrid

"Partnering with Wild Tech as we approached our IPO on the ASX allowed us to achieve our desired outcomes with minimal operational disruption. The Wild Tech team was a pleasure to work with, and they tailored their approach to suit the specific needs of our business. Importantly, Wild Tech's ability to support multiple platforms and deliver true scalability has allowed us to expand our international operations efficiently and effectively. We look forward to our ongoing relationship with Wild Tech as we continue our global growth journey."

CUSTOMER IN FOCUS
CHEAP AS CHIPS

100% Australian owned by Alceon (PE), Cheap as Chips is retailer with 50+ stores in regional and metropolitan SA, VIC, NSW & QLD. In July 2021, Cheap as Chips selected Wild Tech OS to be the Prime Contractor for their digital transformation journey. We successfully beat KPMG, Fusion5 and Deloittes as part of this process.

As Prime contractor for "Project Falcon" we managed the implementation of the following technology solutions and partners.

- Oracle NetSuite (Finance and Operations)
- Oracle Marketing Cloud (Loyalty)
- Erply (Point of Sale)
- ANT USA (Open to Buy Retail)
- KeyPay (HR / Payroll)
- Fast Four (AP Automation)
- Infrastructure Replacement with Fortinet (ASG / NRI)

The project was delivered on time and on budget in August 2022. On the back of this successful delivery, we have recently be awarded the contract to complete a Digital Transformation for Uncle Bills ($300M +) a key supplier to Cheap As Chips and also Aldi.
