

Accelerate Your Frontier Firm Transformation

Powered by **Microsoft 365 E7** and
WinWire's Agentic AI @ Scale

AI isn't Just Changing Work. It's Changing the Enterprise.

The first wave of AI helped people work faster. The next wave is fundamentally transforming how organizations operate.

Employees are beginning to work alongside AI agents. Decisions are becoming AI-assisted. Business processes are becoming autonomous. Enterprise knowledge is becoming instantly accessible. Intelligence is becoming embedded into everyday work.

The question is no longer whether organizations will adopt AI. The question is how quickly they can transform AI into measurable business value.

WinWire is the transformation partner that helps organizations realize the full value of Microsoft 365 E7 - from deployment and governance to adoption, operational excellence & continuous optimization.

Together, they help organizations move beyond AI productivity to enterprise-wide transformation and accelerate toward becoming a Frontier Firm.

Why Microsoft 365 E7

Microsoft 365 E7 brings together Microsoft's most powerful AI, security, identity, and governance capabilities into one integrated platform for the human-led, agent-operated enterprise.

Microsoft 365

Microsoft 365 Copilot

AI assistance embedded across everyday work.

Microsoft Agent 365

The control plane for enterprise AI agents.

Microsoft Entra Suite

Enterprise identity, Zero Trust, and secure access.

Work IQ

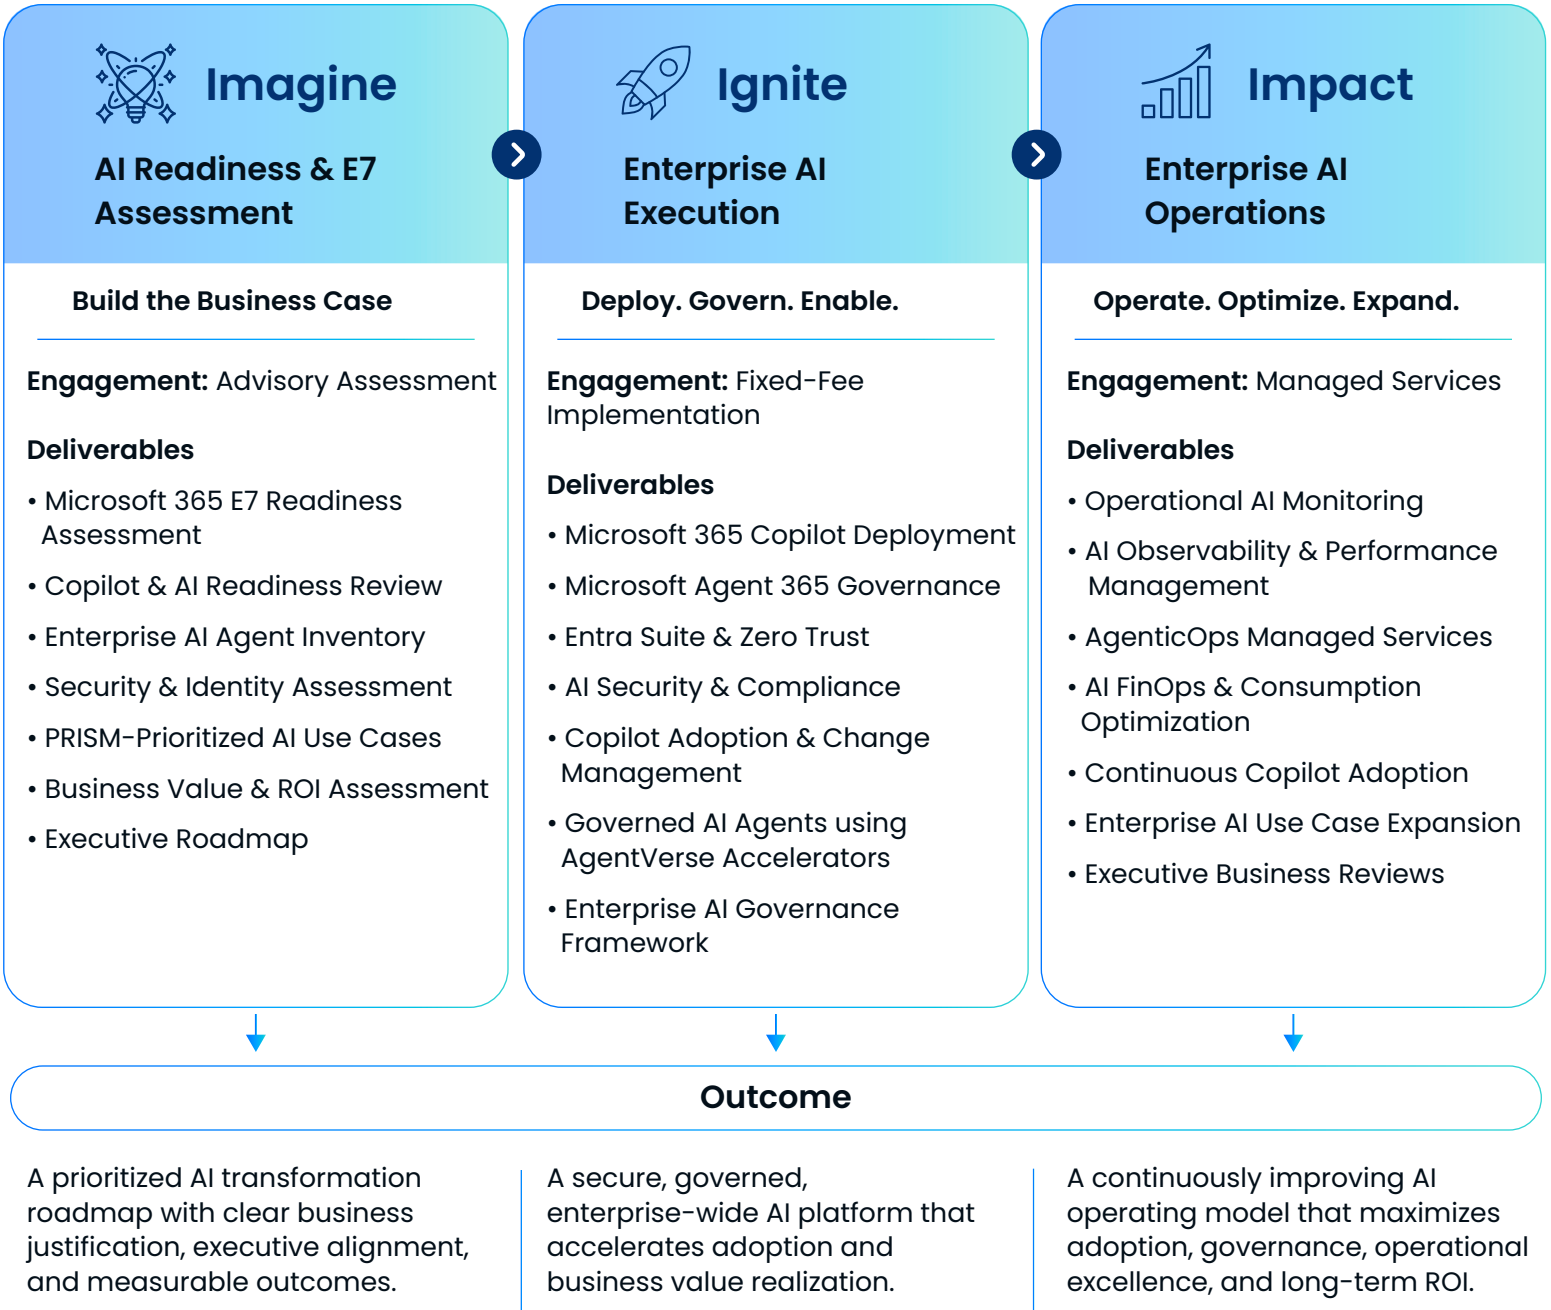

Enterprise knowledge and contextual intelligence that powers meaningful AI experiences. Together, these capabilities create the foundation for securely scaling AI across the enterprise.

Why Customers Need More Than a License

Microsoft 365 E7 provides the platform. Business value is realized only when AI is deployed, governed, adopted & continuously expanded across the enterprise. That's where WinWire helps.

Accelerate Your Frontier Firm Transformation

Powered by Microsoft 365 E7 and the WinWire 3i Framework

Transform AI Potential into Business Value

Technology alone doesn't create transformation. Business value appears only when AI is:

- Adopted across the organization
- Operationalized through scalable processes
- Governed with enterprise trust
- Continuously expanded and optimized

Why WinWire

Microsoft-First. Business-First. Outcome-First.
