# We are Wipple

## Starter

**Wipple is proudly based in Lille.**  
*And be ready because what they say about northerners is true.*

**We endeavour to find the best of AV/IT for your workplace.**

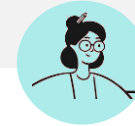

**And with us, what really changes is your experience.**

***And behind Wipple is  
Incept Group.***

Wipple is part of INCEPT Group with OneDirect & Abaques.

Incept Group is positioned as a leader in the European market for Communication Solutions: from personal space in Flex Office to collaborative spaces in companies.

Within the INCEPT Group, Wipple & Abaques combine their know-how – integration and events – to offer 360° solutions.

This belonging gives us the strength of a major player, while keeping the agility and team spirit that define us.

## *Our playground*

**We use technology to bring people closer together and give meaning back to the company as a physical place.**

We design AV and IT solutions for work environments that are easy to use, pleasant to live in and built to last.

We also create immersive and spectacular experiences.

These systems are designed for your teams, easily controlled by the IT department and the Real Estate Department.

And we do all this with:

- Attention to detail.
- The taste for challenge, that of always doing better.
- The desire to create top places... as if it were for us!

## Those with whom we play along

### Tech & Advisory

### Public / Education / Medias

### Business services

### Energy & Transport

### Health / Agriculture / Environment

### Luxe

### Banking / Insurance / Real Estate

## Our scope of services

more?***

MTR Yealink Samsung Shure

## *Habitat du Nord*

Digitization of the new meeting spaces of the Habitat du Nord headquarters in Villeneuve d'Ascq (59) with Yealink. In particular, we have equipped the cafeteria and 16 meeting rooms:

- Meeting rooms for 4 to 18 people
- Director's Office
- Wireless microphones for some rooms
- Systems fully in Microsoft Teams Rooms
- 43-inch to 98-inch displays with wall mounts
- Single or dual PTZ cameras
- Yealink BYOD Wireless Display Solutions
- Control Tablets
- Tutorials & custom wallpapers
- Cafeteria layout

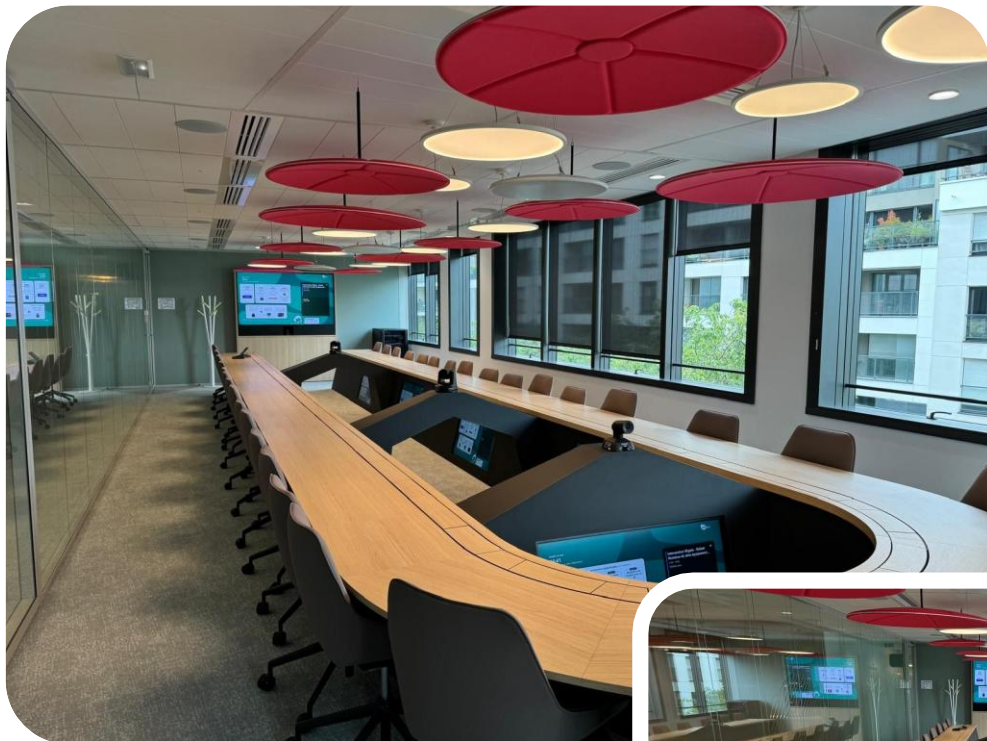

MTR Samsung Huddly Crestron Apart Shure

## Groupe Avril

Development of an auditorium for 120 people with home automation and interface. The client asked us for a complex but very easy to use solution:

- Samsung LED Wall
- 3 Shure ceiling microphones
- 6 in-wall speakers including 2 Line Array + MSE speakers + Apart Audio speakers
- Microsoft Teams Room video conferencing system
- Custom Crestron Control Interface
- Huddly Go Camera
- Microsoft Teams Room video conferencing system
- Crestron Room Reservation Touch Screen

MTR Logitech Samsung Crestron

## Natran (GRT GAZ)

Exceptional boardroom of 35 people with a total of:

- 11 Samsung Monitors
- Microsoft Teams Room Crestron video conferencing system
- 3 Shure MXA920 Mic Panels
- 10 Shure MXN5 speakers
- 4 Panasonic cameras
- Voicelift
- Custom Crestron Control Interface
- Tutorials & custom wallpapers

*Here is what it looks like*
