DIGITAL ADVISORY

MICROSOFT POWER BI ACCELERATOR

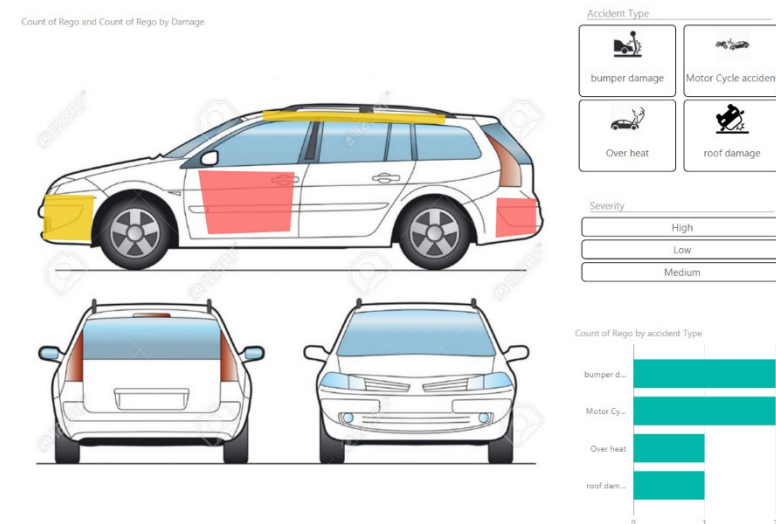

Withum's Power BI Accelerator Engagement

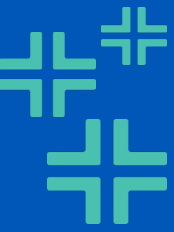

- 2-Week Engagement with experts of Withum's data team
- Identify and prioritize core data needs with a goal of quickly leveraging Power BI
- Evaluate sources and build connections to data sources
- Construct data model for priority reports
- In-depth training for power users in the Power BI Desktop and Power BI Service
- Group training and materials for end users in the Power BI Service

Feature – Custom Image Overlays

- Use Power BI custom visuals to create interactive overlays on source images (3d Renders, Maps, etc.)
- Click on areas to pivot related visuals
- Overlay data and color-code status
- Withum will provide setup and training as part of the Power BI Accelerator engagement

Our Process

Discover – We'll review your objectives and existing data to determine how to answer your compelling business questions

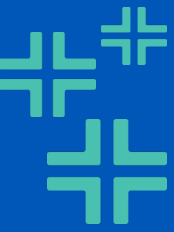

Shape and Combine – Bring together data from different sources as required

Analyze and Visualize – We'll analyse your data and create compelling dashboards and reports using Power BI

Understand – We'll teach you how to use Power BI and get you on the right path

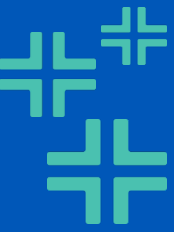

Preliminary Timeline

- Week 1:
 - Review needs, data sources, and existing reporting
 - Create initial connections and reports
 - Power User Group and Individual training sessions
- Week 2:
 - Finalize initial dashboards and reports
 - Conduct Power BI training
 - Review licensing and collaboration options

Benefits

- ✓ Understand how to leverage your existing data to make better decisions
- ✓ Create meaningful dashboards and reports using your data
- ✓ Quickly learn how to use Power BI
- ✓ Get on track to becoming a data-driven enterprise

Get started now!

Call us today to discuss your existing data analytics needs and schedule your Power BI Accelerator.
