

Citrix Virtual Apps and Desktops Offerings

VDI

Our **Cloud** Customers today

Only need to download tools/Citrix component to manage apps and desktops

Citrix manage servers, networks and components for **CVAD mgmt.** (Brokers, DB, etc)

The Resource location will be located at **Microsoft Azure** where the Applications and Desktops will reside

DaaS

Growing interest in Desktops as a Service

You can use the desktop image Citrix provides and updates every quarter with all the patches/fixes OR you can bring your own desktop.

Citrix manage servers, networks and components for **CVAD mgmt.** (Brokers, DB, etc)

Desktop only runs in the cloud, but **Citrix manages infrastructure.** Customer can bring desktop image or use the one Citrix provides
