Copilot.

Wortell Flight plan.

Microsoft 365 Copilot Readiness Jumpstart your AI journey with the Wortell's Microsoft 365 Copilot Readiness Workshop – your foundation for secure and efficient AI adoption within your organization.

Readiness Objectives:

Advisory: A comprehensive introduction to Microsoft 365 Copilot, highlighting its capabilities, benefits, and limitations.

Licensing: Clarifying the licensing requirements to ease the implementation of Microsoft 365 Copilot.

Technical: A detailed review of current data governance, identifying areas that need strengthening to guard against unintended data exposure and unauthorized access.

Change Management: Strategies for helping with user adoption and effective change management, ensuring a seamless transition based on use cases and sustained organizational productivity.

Extensibility: Plotting the course for data expansion and seamless future integrations.

Recommendations: A tailored presentation for your organization, including a strategic roadmap highlighting major milestones.

About Us

At Wortell, we've been Microsoft IT professionals since 1997, standing proud as a recognized Microsoft Powerhouse. Blending innovation with heart, we're relentlessly driven towards the best tech solutions. As technology's potential expands, many struggle to harness its full power. Our mission is to bridge this gap.

Closing the Gap since 1997.
