XENIT CLOUD NATIVE & KUBERNETES

WITH KUBERNETES, YOU WILL GET

✓ Your IT-department get a landingzone with basic installations in Azure that you can grow and work with.

✓ You development- and operations teams can collaborate more efficient after an introduction to the DevOps methodology.

✓ We make Kubernetes easy! With us, you get all the benefits with Kubernetes.

✓ You can make the everyday life for your developers easier with our standardized and unique Kubernetes Framework.

✓ Your IT department can focus on development of your business and your applications while we take care of the operations!

✓ Kubernetes is hard and there's a huge lack of competence within the area in Sweden. With Xenit, you get an spearhead partner that will inspire, challenge and guide you through the container jungle.
