Xenit Azure Starter Packs

WITH AZURE **VIRTUAL** **DESKTOP** YOU WILL GET:

- ✓ A virtual desktop means increased freedom for your IT-department thanks to scalable cots, centrally managed desktops, and access in combination with a higher level of IT-security.
- ✓ Your end users will experience increased freedom as they can access their desktops with all their programs and applications when they want, where they want and from which device they want.
- ✓ Your desktop means increased freedom for your IT-department thanks to scalable cots, centrally managed desktops, and access in combination with a higher level of IT-security.
- ✓ Your organisation can reach its sustainability goals by increasing the life span of your devices and decrease the amount of travel through digital meetings and workspaces.
- ✓ Your end users will get a smooth access to their tools and common workspaces which leads to an organisation with better workflows, increased productivity, and greater flexibility.
- ✓ Your IT-department can centrally manage access, data, and applications. It is easy and cost efficient to scale up, and down, depending of changes in your workforce.

Xenit Azure Starter Packs
