

Application Modernisation

We help our customers **migrate** their existing application assets to Azure cloud. We do this through our expert knowledge in **application architectures**, **deployment models** and **Azure best practices**.

OUR APPLICATION MODERNISATION PROCESS

GIVING YOU INSIGHTS INTO YOUR CRITICAL ASSETS

APPLICATION AND DIGITAL REAL-ESTATE ASSESSMENT

We assess your current applications, infrastructure, deployment patterns and security posture using our 12-Factor Assessment methodology. By discovering your objectives, we can then position an approach which is commensurate to your overall business goals.

EXECUTABLE MIGRATION PLAN

Having assessed your technology assets landscape, we deliver an executable migration plan which is balanced to deliver on your business objectives to ensure an effective and efficient migration onto Azure.

WHY AZURE

BE FUTURE-READY

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. Transform your business and applications with a full set of cognitive services. Infuse your apps, websites, and bots with intelligent algorithms to see, hear, speak, understand, and interpret your user needs through natural methods of communication.

BUILD ON YOUR TERMS

You have choices. With a commitment to open source, and support for all languages and frameworks, build how you want, and deploy where you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

OPERATE HYBRID SEAMLESSLY

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud. Bring cloud scale and AI-powered security protections to your on-premises virtual machines and IoT devices, all managed centrally along with security for your cloud resources through Azure Security Center.

TRUST YOUR CLOUD

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups. Your data, powering your experiences, controlled by you. Our core privacy principle is you own your data; we will never use it for marketing or advertising purposes.
