

Our mission -

Personal Healthcare Monitoring for all

at your fingertips

Lifelight is the World's first and only clinical grade contactless vital signs provider for blood pressure, pulse and respiration

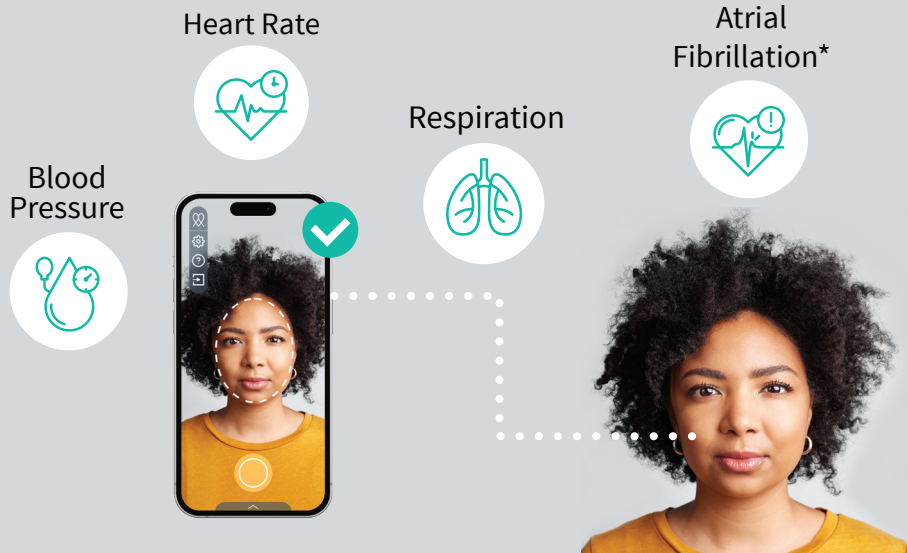

Lifelight

Fast, contactless, clinically validated vital signs from a smartphone / tablet

Take your vitals simply by looking at the device screen for up to 40 seconds...

*In development

Lifelight is unique

- no contact
- no hardware
- no calibration
- no logistics
- no clinical lead time
- no white coat syndrome
- no discomfort of the cuff
- fully scalable
- **clinically validated**

no contact

no wearables

no uncomfortable cuff

no need to undress

no cross-contamination of devices

no calibration

Lifelight means...

pulse,
respiration and
BP vitals

remote
vitals, anytime,
anywhere

Reaching those
most at risk of CVD
(undiagnosed hypertension)

patient
empowerment

improved
patient experience
& outcomes

Why Lifelight?

MEDICAL DEVICE ACCURACY

8 Clinical Trials. Largest clinical rPPG database – 25k estimates from 12.5k people. 5+ years to assemble & growing

ALL AGE GROUPS & BP RANGES

Ranging from 4-96 years of age. Tested on well/unwell people. Accurate at extremes of hyper / hypo tension

MATURE TECH

7+ years in development
4 International patents awarded (more pending)
7 peer reviewed papers

SECURE DATA PROCESSING

All data is anonymized. No data is processed on the device but in the cloud

CLINICALLY REGULATED

Only CE Class I device under MDD for BP – the “holy grail” of vital signs. Class IIa certification pending. Pre-sub for FDA de novo

ALL SKIN TONES

As dictated by the Fitzpatrick Scale. Works with everyday makeup, tattoos & facial hair

USES TECH USERS ALREADY OWN

Works on popular mobile devices – critical for developing nations

CLINICALLY DEPLOYED

Deployed & in use in the NHS since 2019. SaaS deployment in the US scaling to 1,700 primary care practices

Our Vision

is to turn every device on the planet into a self-monitoring healthcare platform - **transforming personal health management**
