

ManualMate

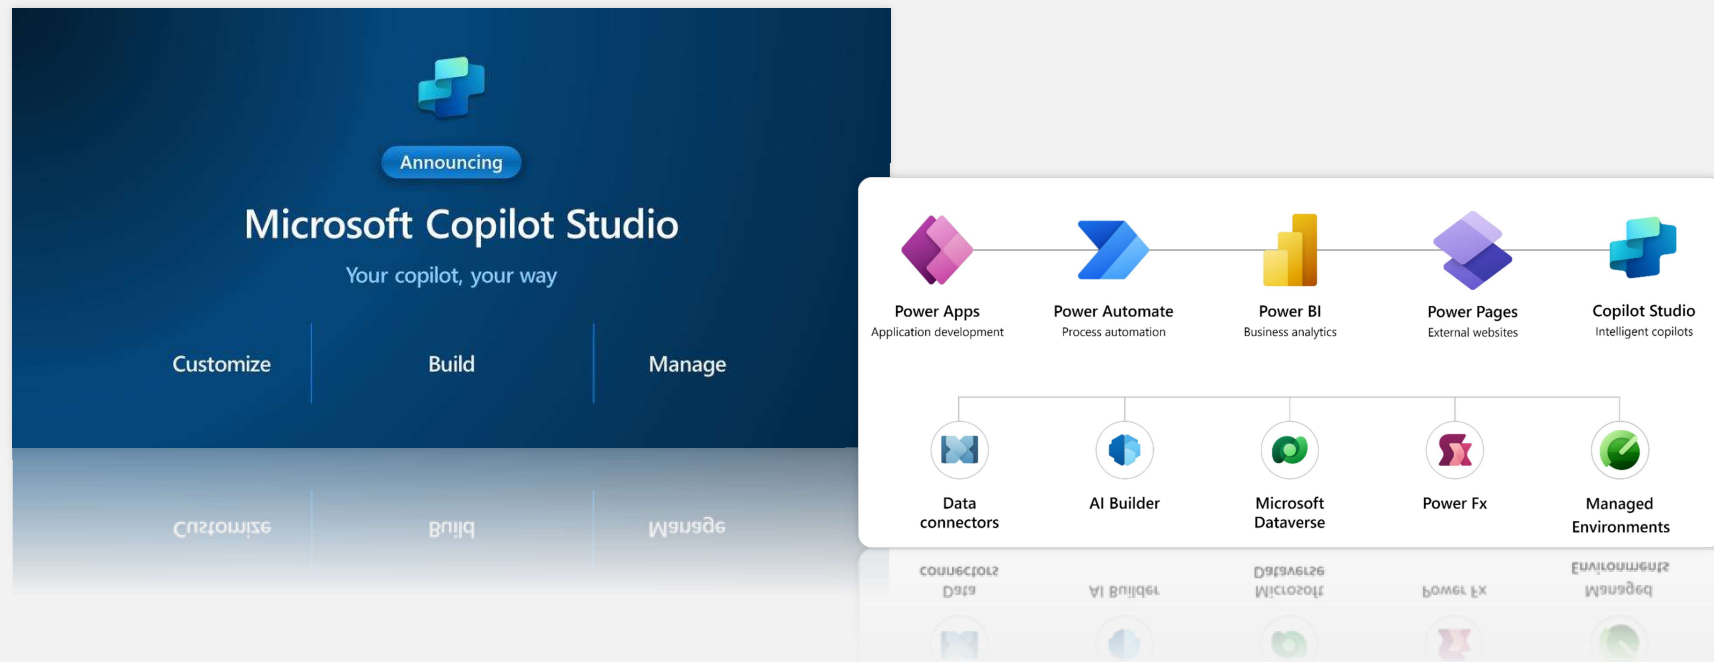

Streamline Your Technical Queries with ManualMate - Save Time and Boost Efficiency

Building blocks in Artificial Intelligence domain.

Copilot Studio

Microsoft Copilot is a companion app that helps in processing information & creating content based on available information in all digital workplace tools of the M365 Suite.

Current Challenge

Digital Workers Are Struggling ...

47%

Struggle to
find information
to effectively
perform their job

45%

Get irrelevant
notifications

36%

Miss or fail to
notice important
updates due to
number of apps
or volume
of information

32%

Make wrong
decisions due to
lack of awareness

n = 4,734 to 4,802; All Digital Workers Excluding "Not Sure/Not Applicable"

Q: Select how often you have encountered the following situations in your organization.

Source: 2022 Gartner Digital Worker Survey

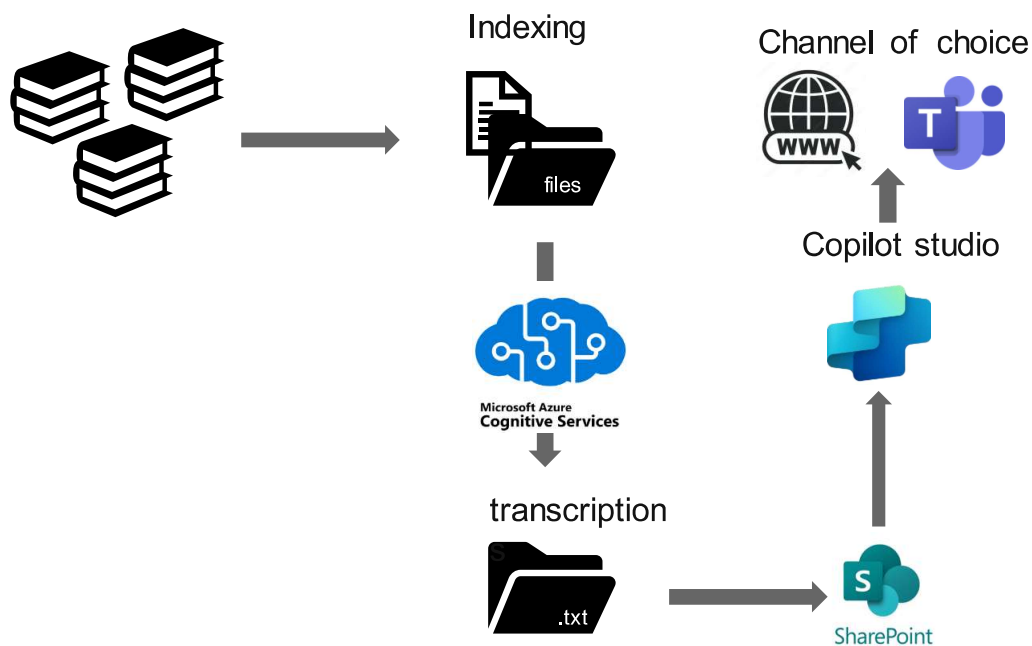

Footnotes: The following percentages have been calculated by summing up responses for sometimes, frequently, usually and always.
