1 Common information

1.1 OASE+

OASE+: 1 year license based

OASE is our powerful video learning platform developed by Xylos to enhance employees' utilization of Microsoft 365 applications. OASE+ offers a unique blend of personal remote coaching and a vast library of over 2.500 instructional videos. It offers a tailored approach to learning, allowing users to schedule coaching sessions for specific workplace queries. Whether it's troubleshooting, exploring advanced features, or fine-tuning your skills, our coaches are at your service. During these 25-minute sessions, Xylos' digital coaches provide detailed and customized explanations.

1.2 Summary

What can OASE+ do for your organization?

- **For IT:**
 - **Maximized ROI:** Enhance the value derived from investments in M365.
 - **Reduced Workload:** Alleviate the pressure on your IT service desk.
 - **Minimized Shadow IT:** Curtail the use of unauthorized IT solutions.
 - **Enhanced Security:** Boost the security protocols of your digital workspace.
- **For L&D:**
 - **Effective Training:** Augment training effectiveness with personalized coaching.
 - **Customized Learning Solutions:** Receive advice on courses tailored for your audience, based on actual needs.
- **For End Users:**
 - **Practical Assistance:** Obtain hands-on help for daily challenges.
 - **Time Efficiency:** Save time with support from a coach to utilize tools more efficiently.
 - **Digital Fitness:** Enhance digital literacy and skills.
 - **Unlimited 25-minute coaching sessions:** Enjoy the flexibility of unlimited coaching sessions.

1.3 Pricing

General rule:

- Available from € 13,36 per user/month
- Volume pricing discounts available

2 Detailed information

2.1 Headline

OASE+ offers a unique blend of unlimited personal remote coaching and a vast library of over 2.500 instructional videos.

2.2 Introduction

OASE is our powerful video learning platform developed by Xylos to enhance employees' utilization of Microsoft 365 applications. OASE+ offers a unique blend of personal remote coaching and a vast library of over 2.500 instructional videos. It offers a tailored approach to learning, allowing users to schedule coaching sessions for specific workplace queries. Whether it's troubleshooting, exploring advanced features, or fine-tuning your skills, our coaches are at your service. oase@xylos.com

The graphic illustrates the OASE+ platform's workflow. It features a teal background with a large 'OASE+' logo at the top. Below the logo, a text box explains the benefit of OASE+ for enhancing Microsoft 365 skills. A central section titled 'How does it work?' outlines a three-step process: 1. Clicking the meeting-button, 2. Choosing a subject and timeslot, and 3. Firing questions during an online meeting. Each step is accompanied by a small screenshot of the platform's interface. At the bottom, a call to action encourages enrollment, providing the email address 'oase@xylos.com' and an image of a person using a laptop.

2.4 Target Audience

All Microsoft 365 users in SMEs and MNEs. Targeting various sectors from government and manufacturing to healthcare.

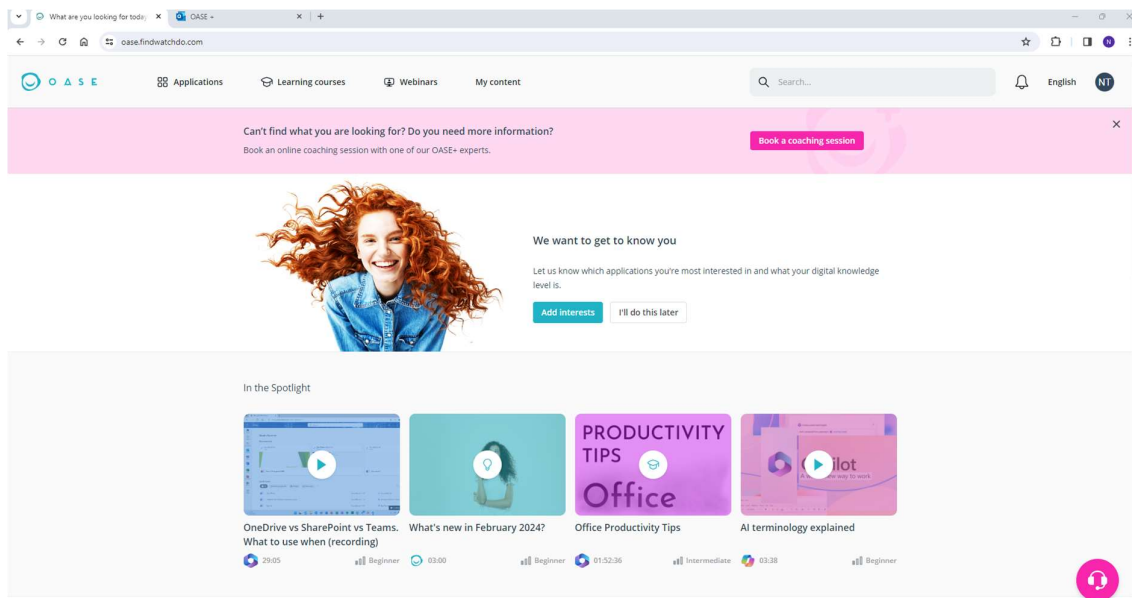

Decision makers to target:

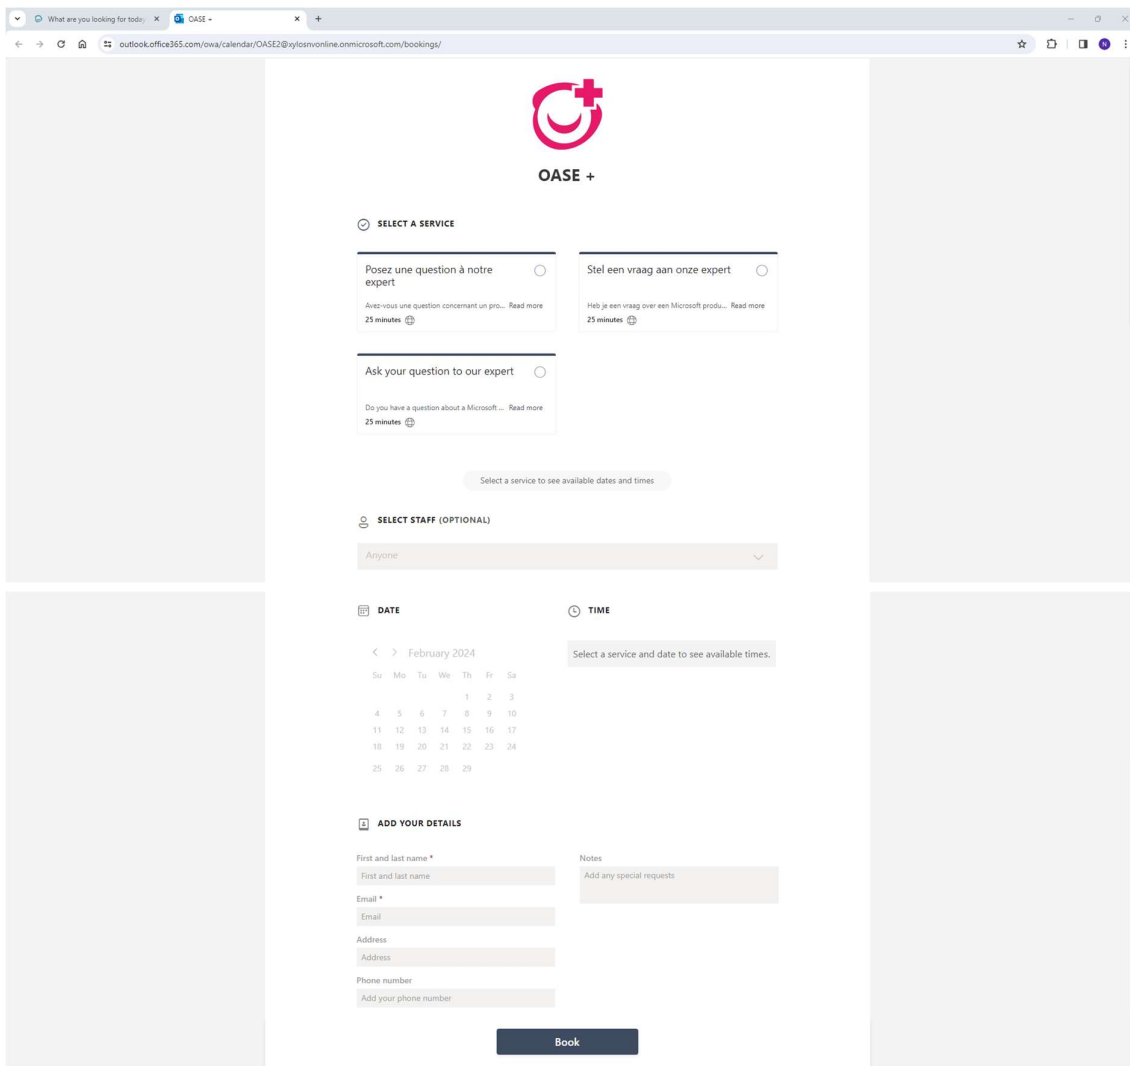

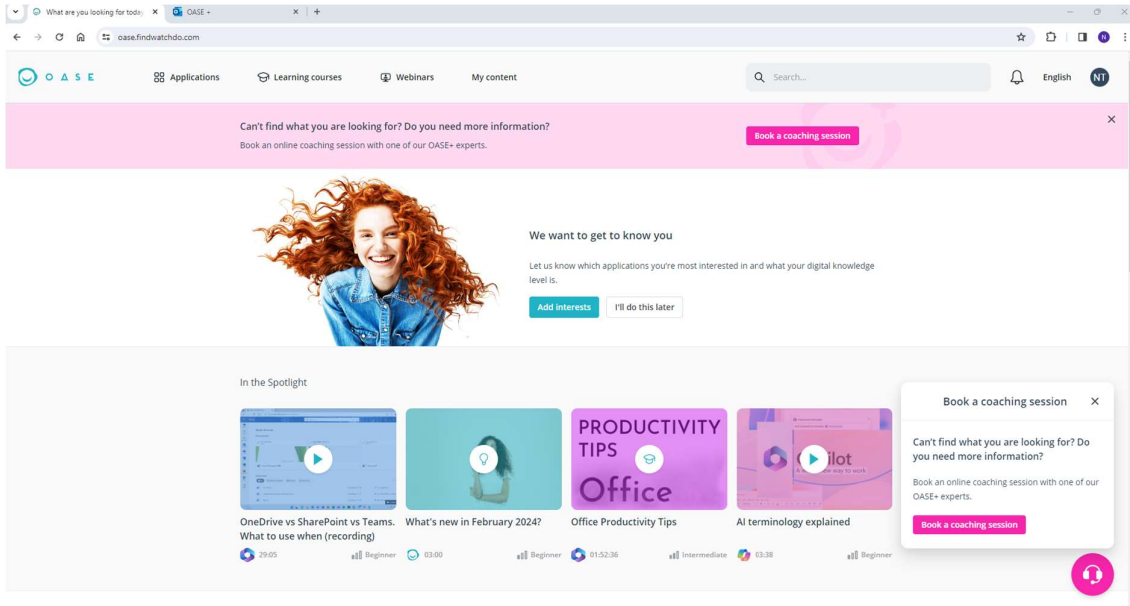

- *IT Manager*
- *L&D Manager*
