

# Your Partner of Choice for Cloud FinOps

*Enabling a transformative  
journey toward cloud  
excellence*

**Over 30%**

of organizations across  
industries waste their  
cloud spending

**79%**

claim that poor cloud financial  
management has negatively  
impacted their business

**More than 55%**

of companies express daily  
concerns about managing and  
optimizing cloud costs

Cloud costs soaring? We can help you Align spending with goals & unlock cloud's value faster with YASH Technologies' Cloud FinOps Services.

## Most Businesses have Challenges Arising from Unmanaged Cloud Costs

- Hidden Costs
- Budget Blowouts
- Resources Sprawl
- Reduced Agility
- Compliance Risk
- Lack of Visibility

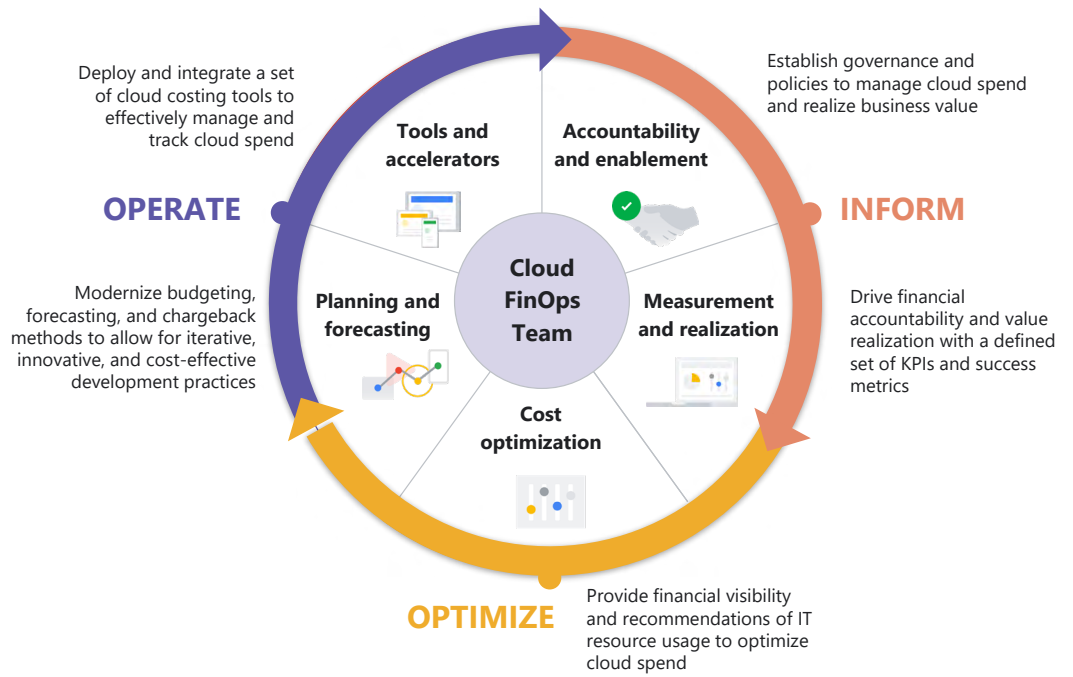

We help you stop cloud cost chaos, unlock growth and tailor solutions to your unique challenges, leveraging AI to cut complexity and turn cloud spending into a profit engine.

## How we Impact your Business

- Stop cloud sprawl & govern costs effectively.
- Predict cloud spend precisely, not just historically.
- Automate savings & maximize your cloud investment.
- Align cloud with business goals & drive ROI.
- Foster a cost-aware culture for long-term cloud success.

# YASH's Approach - Navigating Towards Success
