

Get Your **ERP Euro-Ready** With Zero Disruption

EURO TRANSITION SERVICES FOR BULGARIA | DOMAIN 6

On January 1, 2026, Bulgaria will officially adopt the euro. This means new reporting rules, dual currency pricing, and ERP-wide updates. Waiting until the end of 2025 is too late.

Domain 6's Euro Transition Services for Microsoft Dynamics 365 ensure you're prepared for every step—from data cleanup to go-live.

Our 4-Phase Approach

1

Foundation Setup

- Test environments
- EUR object imports
- Checklist-based setup & analysis

2

Testing and Validation

- Transaction cleanup
- Exchange rate imports
- Open balance validation

3

Live Conversion

- EUR company cloning
- Data migration
- Compliance testing

4

Output Finalization

- Print form updates
- Dual pricing enabled
- Financial statements optimized

Why Domain 6

- Microsoft-Certified Partner
- Proven ERP implementation & localization track record
- Based in Bulgaria, with global support capacity
- Proactive, risk-mitigated project planning
