

ACCELERATE EMPLOYEE EFFECTIVENESS

With YEAPS BEST for Microsoft Viva Insights

YEAPS BEST* is our project-based technology implementation service. BEST stands for Build & Execute Systems Technology.

YEAPS BEST will help you bring organizational health statistics into one reference hub; with Microsoft Viva Insights bridging the power of Microsoft 365 data, powerful business intelligence technology and industry best practices, from your organization's Viva Insights Dashboard. It's accessible anytime, anywhere through the web, desktop, and mobile.

Organizational Insights Dashboards Without The Guesswork

In a transforming modern hybrid workplace, there is an opportunity and a need to use data driven insights to drive employee effectiveness. By taking Microsoft 365 Data and AI generated report models based on Industry Best Practices and Thought Leaders, individual workers, managers and organization leaders attain the unprecedented ability to understand and shape the state of employee effectiveness in outcome areas such as collaboration and innovation.

YEAPS BEST for Microsoft Viva Insights Dashboards will bring project management, strategic thinking and technical proficiency to the process of building dashboards for your organization's employees and leaders that are not only insightful but practicable.

For Microsoft Viva Insights

YEAPS is Your Partner for Success from Planning to Implementation

Additional services are available based on an organization's needs and readiness

PLAN

Aligning with Stakeholders

Our team will work with the administrators, knowledge managers and key officers to assess the company's culture, readiness, and goals.

DEVELOP

Framework & Architecture

We will plan the framework needed to accurately set up valuable data.

BUILD

Build & Test Dashboards

We will work with the key persons to configure the needed data model.

TRAIN

Process Management Team Readiness

We will conduct training for managers and key officers about how to consume insights and implement suitable courses of action.

LAUNCH

Employee Announcement & Deployment

To start up the organization's effective use of the dashboards, we can help organize an adoption and change campaign for employees.
