Viva Insights Brings Together the Power of Microsoft 365 Data, Powerful Business Intelligence and Industry Best Practices

Viva Insights is the one reference hub that brings organizational health statistics from Microsoft 365 data, powerful business intelligence technology and industry practices.

With the Insights Dashboard accessible in Microsoft Teams, it is the guide for leaders, managers and individual workers to improve personal effectiveness and work life balance.

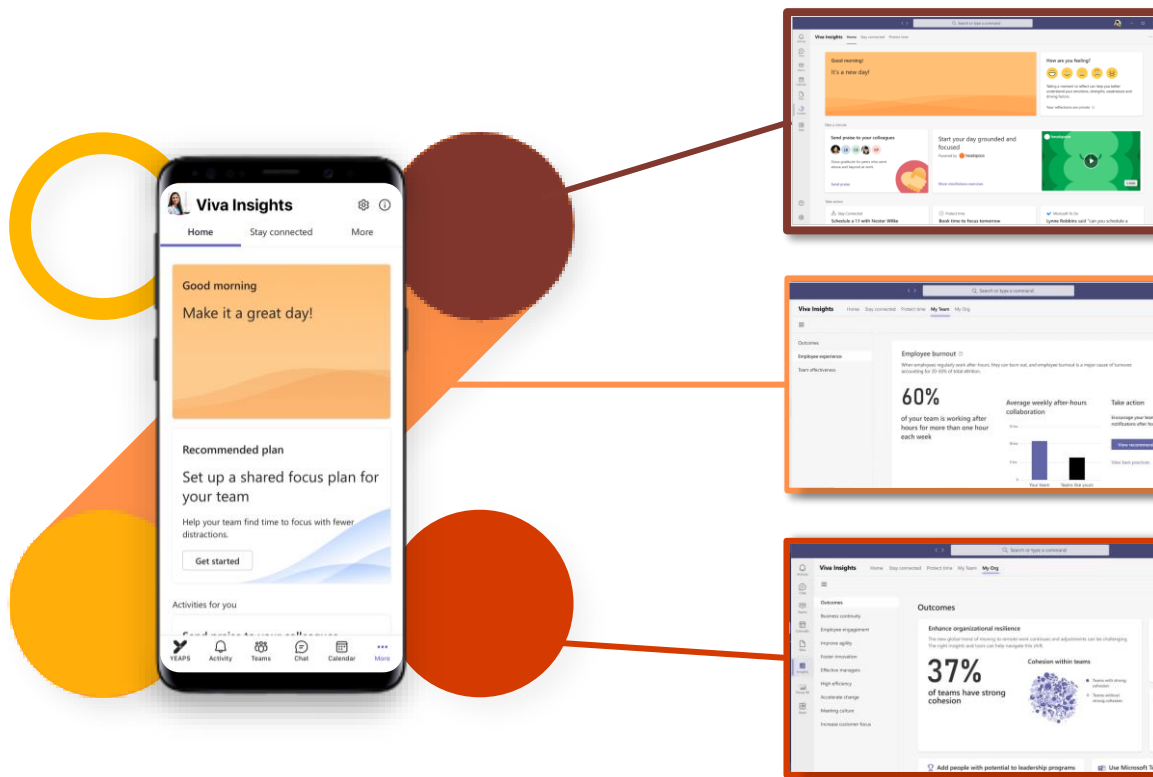

Your organization needs a partner that will bring strategic thinking and technical proficiency to the process of building dashboards for your organization's employees and leaders that are not only insightful but practicable

for Viva Insights Dashboard will accelerate success in Employee Effectiveness

Build Organizational Health Dashboards to Drive Employee Effectiveness

Keep the employees empowered and informed with personal and teamwork patterns by bringing to them **personal, manager and leadership insights** in one powerful dashboard within Teams

PERSONAL INSIGHTS

Improve your work patterns with a personal dashboard. Some components include- task briefing , blocking focus time, moment of mindfulness, and virtual work commute

MANAGER INSIGHTS

Understand and improve your team's work patterns . Some components include – best practices, reminders to schedule 1:1s, suggestions to drive positive change

LEADERSHIP INSIGHTS

Get insights to understand your business and the employees with reports. You can choose to use report templates or customize the reports.

For Microsoft Viva Insights YEAPS is Your Partner for Success From Planning to Implementation

Aligning with Stakeholders

Our team will work with the administrators, knowledge managers and key officers to assess the company's culture, readiness, and goals.

Framework & Architecture

We will plan the framework needed to accurately set up valuable data.

Build & Test Dashboards

We will work with the key persons to configure the needed data model.

Process Management Team Readiness

We will conduct training for managers and key officers about how to consume insights and implement suitable courses of action.

Employee Announcement & Deployment

To start up the organization's effective use of the dashboards, we can help organize an adoption and change campaign for employees.

Additional services are available based on an organization's needs and readiness
Any of the above stages may be revisited based on terms and requirements
