

ACCELERATE SUCCESSFUL EMPLOYEE PROFICIENCY

With Microsoft Viva Learning Hub

YEAPS BEST* is our project-based technology implementation service.

BEST stands for Build & Execution Systems Technology.

YEAPS BEST will help bring courses and training content into one learning hub, with Microsoft Viva Learning bridging the power of Microsoft 365 and a unified library for various learning sources, from your organization's Viva Learning Hub. It's accessible anytime, anywhere through Teams web, desktop, and mobile.

Streamline Learning Pathways Without The Guesswork

In an ever-transforming world and increasingly competitive business environment, employee proficiency is increasingly vital to any organization's success. Today's learning sources do not come from one source; and they need to be combined to provide the best possible empowerments for employees. By providing a unified hub for various learning sources and by unleashing the power of Microsoft 365, employees will have the ability to take a rich selection of learning pathways that they can take at the best possible pace and in line with organization goals.

YEAPS BEST for Microsoft Viva Learning will bring project management, strategic thinking and technical proficiency to the process of building a learning hub for your organization's employees that are not only content-rich but outcome-oriented.

For Microsoft Viva Learning YEAPS is Your Partner for Success from Planning to Implementation

Additional services are available based on an organization's needs and readiness

PLAN

Strategic Planning & Consulting

Our team will work with the organization in understanding the available sources, topics, and content to build a fitting learning hub for them.

DEVELOP

Content Architecture

We will guide the organization on how to structuralize the available learning materials and sources that will be used to build the hub seamlessly.

BUILD

Configuration & Set-Up

Once the structure has been laid out, our team can configure and set-up the initial learning hub for the organization.

TRAIN

Learning Officers Readiness

Training can be given to administration, knowledge managers, and other key change managers to equip them with the know-hows in updating and maximizing the hub.

LAUNCH

Announcement & Deployment

To get the culture of learning started, we can organize an org-wide launch to bring awareness about the new space dedicated for their growth and empowerment.

Note: Any of the above stages may be revisited based on terms and requirements
