

NEEDS COVERED

- ✓ Eliminate spreadsheets and cut hours spent on manual data aggregation
- ✓ Centralize all your ESG Data
- ✓ Secure multi-framework compliance
- ✓ Track accurately all your KPIs
- ✓ Reduce human errors and streamline collaboration
- ✓ Effortlessly generate reports

HOW?

Integrations

Connect with any source (i.e. PDFs, IoT, 3rd Party Systems) for 'painless' collection of primitive data.

Custom KPIs & Forecast

Use existing or create your own custom KPIs, automating calculations & use AI for real-time alarming on deviations.

Task Management

Assign tasks, track progress & collaborate with integrated communication tools & ticketing systems.

AI Data Validation

Automatically detect and correct data discrepancies, ensuring accurate ESG metrics.

Personalized Dashboards

Visualize KPIs, metrics, narratives, CAPAs, and processes tailored to your role, giving you real-time, full visibility over duties, communications, progress, and notifications.

AI-Generated Reports

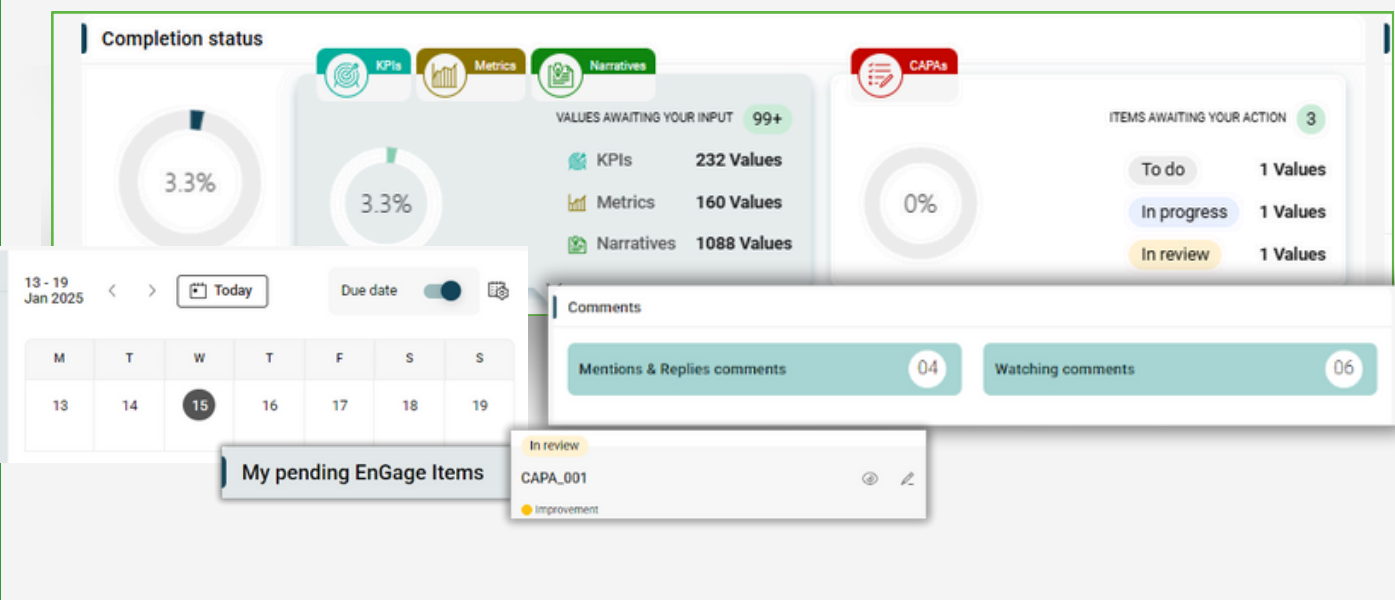

With KPI tables, widgets, and narratives. Focus on branding while leaving the rest to EnGage.

SUPPORTED FRAMEWORKS

*and more.

STAY UPDATED WITH YOUR PERSONALIZED DASHBOARD

PRODUCT
