

A Managed transition to Microsoft Teams Phone System

About Yooda:

Competence and passion drive us on our journey into the future.

At Yooda, we desire to expand your dreams; leveraging our competencies to help you to embrace the new digital world. We leverage Microsoft 365 to provide the best-in-class services, because we strongly believe in the modern workplace!

See what customers are saying:

"Yooda transitioned us to the future; they managed to provide a smooth, simple and reliable transition to O365 and enabled us to Teams Direct Routing, like a walk in the park."

- Sergio Villa, General Manager, Stim

WHAT WE OFFER

We offer a Teams Calling PoC to provide a secure path to transition from a legacy on premises telephony environment to an end-to-end managed Cloud Voice Solution based on Teams in Office 365. It's a full managed proposition composed of consultative service to try Teams at its best and it comprehends:

- A Microsoft Phone System license
- Voice Services (SBC & SIP trunking to local PSTN breakout)
- Professional & Managed Services

Customers can benefit of a smart solution inclusive of technology voice traffic, and support.

The PoC can lead to:

- A full Cloud solution that includes classic phone functionalities
- A full managed solution
- A full reliable and secure solution

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

Key use cases

Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.
