

AI-Powered Document Management for **the Modern Enterprise**

Company Profile 2025

Company Overview

Located in the heart of Johannesburg, ZARDOX is a provider of Document AI solutions that leverage advanced Artificial Intelligence (AI), Machine Learning (ML), and Optical Character Recognition (OCR) technologies to automate document processing for businesses across various industries.

Our solutions help organizations optimize workflows, increase productivity, and drive innovation by automating the capture, extraction, and processing of document data.

vision

Our vision is to empower businesses to make smarter intelligence driven decisions through automation, through the simplification of complex document-centric workflows, and ensuring greater efficiency, accuracy, and security.

We aim to become the trusted partner for organizations looking to modernize their document management processes.

mission

At ZARDOX, we are committed to providing cutting-edge AI-powered document processing solutions that meet the diverse needs of our clients.

We strive to help businesses reduce operational costs, improve data accuracy, and unlock the full potential of their documents through innovative, customizable solutions

Industries we serve

**Financial Services:**

Automate loan processing, Bank statement Processing, risk assessments, and client onboarding with AI-driven document management solutions.

**Healthcare:**

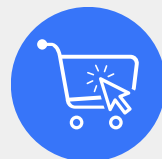

Improve patient record management, medical billing, and insurance claims with intelligent document processing.

**Legal Services:**

Efficiently analyze legal documents, contracts, and case files with AI-powered solutions that automate document reviews and compliance checks.

**Government:**

Streamline public service delivery, regulatory compliance, and citizen interaction by automating the processing of permits, applications, and licenses.

**Retail & Warehousing:**

Optimize inventory management, order processing, and supplier document handling with automated solutions that save time and reduce errors.

**Supply Chain & Logistics:**

Automate the processing of shipment documents, purchase orders, and invoices, improving efficiency across the supply chain.

Why choose us?

Local Expertise

As a Johannesburg-based company, we understand the specific challenges businesses face in Southern Africa and retain that local flair to business we services across Africa and the Globe.

We are committed to delivering tailored solutions that align with the local market needs.

Innovative Solutions

We stay ahead of the curve by leveraging the latest advancements in AI, OCR, and machine learning to offer state-of-the-art solutions that maximize your ROI.

Scalable & Future-Proof

Our solutions are built to scale with your business as it grows. Whether you're a small enterprise or a large corporation, our Document AI technology adapts to your evolving needs.

Customized Approach

Our localised team works closely with you to understand your business requirements and develop custom solutions that fit your exact needs, ensuring optimal results.

Exceptional Support

From localised consultation to implementation and ongoing support, our expert team is here to guide you every step of the way. We pride ourselves on offering a customer-first approach that guarantees satisfaction.
