

Azure Cost Review Cloud Spend Optimisation Consultation

Azure

Are your Azure costs under control?

Many organisations overspend by 20 to 40 percent due to idle resources, poor sizing, and lack of governance.

Zenzero's Azure Cost Review identifies waste, delivers real savings, and puts long-term cost controls in place. →

WHAT'S INCLUDED

- Analyse subscriptions, billing data, and resource usage.
- Identify unused or underutilised services.
- Review reservations, discounts, and scaling strategies.
- Define governance guardrails for ongoing cost control.

WHY IT PAYS OFF

- Clear visibility of where money is being wasted.
- Practical right-sizing and optimisation recommendations.
- Projected monthly and annual savings.
- Framework for predictable, controlled cloud spend.

From £2,500 to £4,500*, get in touch →

Optional savings-based model available
