

Business Central Suitability Assessment & Discovery

Dynamics 365

Unsure if Dynamics 365 Business Central is the right ERP?

Zenzero's fixed-price **Suitability Assessment & Discovery** combines workshops, stakeholder interviews, and process analysis to give you certainty – and a clear route forward →

WHAT THE REPORT INCLUDES

- A detailed review of your current systems and processes
- Inefficiencies and problem areas
- How Business Central fits your needs
- Any customisations, extensions, and add-ons you will need
- The scope and timeline for implementation
- Budget guidance for licences, implementation, and support
- Recommendations for project risks, resourcing, and governance
- A business case you can share with stakeholders for approval

BUSINESS VALUE

- Independent, structured insight into BC fit and readiness
- Confidence going into procurement and vendor selection
- A ready-made board paper or briefing document
- Reduced project risk and clearer implementation plan
