

Enterprise resource planning – leadership consultation

Business Central

Is your business ready for ERP migration?

Growth, complexity, and outdated systems can signal the time is right – or that it's too soon. Zenzero's **1-hour free leadership consultation** helps senior decision-makers make informed, unbiased choices about ERP adoption – especially Microsoft Dynamics 365 Business Central →

WHAT WE DO

- Discuss **key readiness indicators**: scalability limitations, siloed systems, manual processes, need for improved financial control
- Understand **ERP vs. best-of-breed tools** and which approach fits your strategy
- Explore **cost, complexity and cultural readiness** for ERP
- Learn critical **success factors** (data integrity, change management)
- Gain real-world **lessons from past ERP projects** – wins and pitfalls
- Receive **bespoke guidance**, tailored by industry and business maturity

THE GAINS

- **C-level strategic insight** from an experienced ERP leader
- A **free sounding board** for your business model and growth trajectory
- Confidence in deciding whether to implement – or delay – ERP
- Clarity on if **Dynamics 365 Business Central** aligns with your needs
