Free express data estate assessment

Data & BI

Struggling with fragmented reporting or unreliable data?

Zenzero's Express Data Estate Assessment is **a free, strategic 2 hour workshop** that helps you identify the root causes of inefficient reporting, data silos, or rising manual costs →

WHAT YOU'LL EXPERIENCE

- Engage with C-suite and department leads to map your current data flows
- Explore how data supports – or hinders – decision-making
- Reveal hidden opportunities to streamline and automate

WHAT WE DELIVER

- A **customised Data Estate Assessment Report** outlining system gaps, architectural issues, and pain points
- Analysis of data-driven bottlenecks linked to key business processes
- Strategic, actionable recommendations aligned to your objectives

WHAT YOU GET

- A clear, jargon-free overview of your data landscape
- A solid foundation for planning future analytics or migration projects
- A business-ready roadmap to transform data into a strategic asset
